## Orlando May Be Called Back As Italian Premier

ROME (AP)—Francesco Saverio Nitti announced today he had failed to form a new Italian government, despite five days of effort.

The 79-year-old independent informed reporters as he left Provisional President Enrico de Nicola's residence just before noon that he had formally refused the post of Premier offered him following the resignation eight days ago of Alcide de Gasperi's three-party coalition cabinet.

He said De Nicola would resume consultations today in an effort to find a new premier. He added that he had made no suggestions to the President.

### RUMORS GROW

An hour after Nitti had announced his failure, Victor Emmanuel Orlando, 87-year-old First World War Premier, arrived at De Nicola's residence, stirring rumors that he might be asked to undertake the task of forming a cabinet.

It was understood last week that Orlando was the President's first choice as Premier-designate but the veteran statesman was reported to have refused the assignment.

Leaving De Nicola's residence, Orlando said he had not been designated to form a new government, "even unofficially."

Nitti wanted to learn my view," he said. He added that he would confer with party leaders to exchange ideas.

## Britain Not Asking New Loan From U.S. Favor Soviet Trade

LONDON (Reuters)—Britain will not make a new approach to the United States for a second loan or for a resumption of lend-lease arrangements, authoritative sources said today.

At the same time, treasury officials said there was no truth in reports that the Minister of State, Hector McNeill, would lead a mission to the United States with either of these objects in view.

An authoritative spokesman, however, said that "if America should come to Britain and say she was prepared to consider some lend-lease arrangements, the door would not be slammed in her face."

Meanwhile, a forecast "change towards the east" in Britain's foreign and trade policy, due to a critical shortage of U.S. dollars, appeared shaping up.

### BEVIN'S POLICY

The forecast was made Tuesday by the Paris newspaper Le Monde, which often expresses French Foreign Office views. The paper said the dollar shortage was forcing Britain to make purchases outside the United States and added Foreign Secretary Bevin favored a policy of developing trade between Britain and Russia.

Support was lent to this forecast today when an authoritative spokesman said a British commercial credit to Russia may be the outcome of talks now taking place in London between the Board of Trade and a Soviet delegation.

## Yugoslav Groups Leaving Canada For Home; Prefer Tito Rule

MONTREAL (CP)—Bluntly, a group of Yugoslavs returning to their homeland in the next few days admitted today that "the new social order" in Yugoslavia under Marshal Tito is the attraction responsible for an exodus expected to reach 1,500 Canadian Yugoslavs this year.

"It is the new conditions, it is the regime of Marshal Tito that makes Yugoslavia so attractive," said Edward Yerdas, secretary of the Council of Canadian South Slavs.

He spoke Tuesday night at a farewell banquet arranged for the 200 Yugoslavs from various parts of Canada who are gathered here awaiting the sailing of the Yugoslav ship Radnji about May 28.

Old and young, a majority of them in working clothes and with outdoor complexions, the Yugoslavs took over a banquet room in a hotel and ate and

## Pension At 55 For Spinster Demanded In Britain

Hundreds of unmarried women from many parts of Great Britain gathered in Trafalgar Square and called for pensions for single women at 55. Later they marched to No. 10 Downing Street and delivered a copy of their resolution to Prime Minister Attlee. Some of them are shown above.

### President's Mother Clinging To Life

GRANDVIEW, Mo. (AP)—

President Truman's frail little mother clung tenaciously to life today in a sickroom drama that stirred the United States. The presence of her bedside of the President focused country-wide attention on 94-year-old Mrs. Martha E. Truman's struggle for survival. The President was directing the affairs of government from her modest, frame bungalow, and a hotel suite in nearby Kansas City.

### Tiny Baby Thrives

VANCOUVER (CP)—A tiny, six-month-old baby, Dorwyn Eva, daughter of Mr. and Mrs. Arthur Longstaff today is housed in an incubator in St. Paul's Hospital—all 27 ounces of her.

Born Sunday, she is only two ounces heavier than a record 25-ounce baby born here in 1944, and she is thriving this afternoon on an eye-dropper diet.

### 4,014 Indians Die In 6 Months' Strife

LONDON (AP)—The Earl of Listowel, Secretary of State for India, announced in the House of Lords today that 4,014 persons had been killed and 3,316 injured in disturbances in India in the last six months.

### Paris Police Hold 5 Jewish Suspects

PARIS (Reuters)—Paris police have arrested five youths, suspected of being with a Jewish terrorist organization, on a charge of arms trafficking and having propaganda pamphlets in their possession, it was learned today.

### Yugoslav Groups Leaving Canada For Home; Prefer Tito Rule

MONTREAL (CP)—Bluntly, a group of Yugoslavs returning to their homeland in the next few days admitted today that "the new social order" in Yugoslavia under Marshal Tito is the attraction responsible for an exodus expected to reach 1,500 Canadian Yugoslavs this year.

## Schools To Be Overcrowded For September Reopening

Many of the schools of Greater Victoria are going to be seriously overcrowded when school reopens in September, and all schools will be filled to capacity, J. F. K. English, municipal inspector of schools, told the Greater Victoria School Board in a report submitted to a committee Monday evening.

Board members expressed alarm at the situation and efforts are being made to reshuffle school boundaries, or take on more school buses as a means of partially alleviating conditions until the school building program can be got under way.

Most seriously overcrowded will be McKenzie Avenue School, Mr. English reported, for which an army hut is being obtained to make an extra classroom. At least 40 more students are expected to enroll at this school, for which there is now no accommodation.

Craigflower School will also have an overflow of pupils and it is anticipated that many of them will have to be taken by school bus to attend Lampson Street or Victoria West Schools.

### Portion Of India May Stay British

LONDON (AP)—A high government source said today that at least one segment of an eventually partitioned India might stay within the British Empire as an independent Dominion.

The informant would not say whether he believed this segment might be Pakistan, a separate Moslem state, or a Hindu union. He added, however, that Britain had no intention of conferring immediate Dominion status on the present Interim Government of India, with which the Moslems have refused to join in writing an Indian constitution.

The prediction was made as Viscount Addison, Dominions Secretary, was called into cabinet conferences on India's future. Britain has pledged herself to quit India by June, 1948, and has expressed the hope she would be united in a single nation.

### 12 Filipinos Lost In President's Plane

MANILA (AP)—President Roxas tonight announced the loss of the presidential plane Lily Marlene in the wilds of northern Cotabato in Mindanao.

The plane was carrying from 12 to 15 government officials.

The four-engine C-54, formerly the personal plane of Viscount Mountbatten, Viceroy of India, was last heard from at 9 a.m. Sunday when it took off from Buayay airport at Cotabato, bound for Bacolod, Negros Island.

The list of passengers given out by President Roxas included Judge Francisco Zulueta, Rafael Alunan, Col. Edwin Andrews, chief of the Philippine army air force, and Dr. Alfredo Parades.

# 7 Die As U.S. Bomber Crashes In Big Storm

## Chiang's Army In Manchurian Capital At Bay

NANKING (AP)—Besieged Changchun, capital of Manchuria, is completely encircled by Chinese Communist forces, Nationalist dispatches reported today.

Government troops, however, were credited with re-entering Kunchuling, 36 miles to the southwest. Fighting was reported in the streets.

In Changchun itself, Generalissimo Chiang Kai-shek's forces began digging trenches and setting up machine-gun nests. They made other preparations for a possible fight inside the city.

Information Director Hollington Tong placed the total Communist strength against Changchun at 90,000 troops, including 20,000 Korean Communists. He said the Koreans had been fighting in Manchuria for some time.

Nationalist dispatches carried news of government recapture of Changli on the Peiping-Mukden railway, cut by Communists Tuesday to block Changchun-bound reinforcements.

But other press reports acknowledged the Communists had succeeded in cutting the Manchurian railway at several points between Kunchuling and Changchun.

### PREMIER SPEAKS

Red support from still another quarter was reported as China's new premier, Gen. Chang Chun, told the People's Political Council that peace could only be obtained bilaterally.

Chang asserted the Communists had no "sincere desire" for ending hostilities. He reiterated that the country's economic situation would become steadily worse as long as the Communists continued to disrupt communications. All the government could do under these circumstances, he added, was retrench.

Nationalist press reports said troops of the Chinese Communist-sponsored Inner Mongolian "government" recently established at Wangyehmao in western Manchuria had gone into action against Nanking forces, capturing Kangping, 120 miles southwest of Changchun. The Mongolian unit was described as largely cavalry.

## Plane Disaster Ends Ball Game

James Waugh examines damage to his home at Burlington, Ia., caused when a U.S. navy plane participating in an air show crashed into the midst of a sandlot baseball game and exploded, showering wreckage for a block. The pilot was killed and two of the teen-age ball players died of burns on the way to a hospital. Seven other boys were injured.

## 3,800 Ford Foremen Strike, Say Plant Idle In 10 Days

DETROIT (AP)—An estimated 3,800 foremen began a strike at the Ford Motor Co. at 10 a.m. today.

The company said its Rouge and Lincoln plants were first affected. There was no immediate report on the Highland Park unit. All are in the Detroit area.

Initial reports indicated the strike affected only Detroit plants.

There was no immediate comment from the company after the Foremen's Association of America (Ind.) had ordered its members off the job.

### VOTED UNANIMOUSLY

Robert H. Keys, president of the union, said the action had been unanimously approved by the Ford Chapter of the F.A.A. Tuesday night.

A spokesman for the union predicted the walkout would halt automobile production at Ford "within 10 days."

The F.A.A. filed its strike notice April 17 and the 30-day

waiting period, which expired Saturday, was extended to permit a conference with company officials earlier this week.

A contract between the company and the independent union was terminated almost simultaneously by both sides early in April. Ford later offered a one-year renewal of the pact.

Keys outlined the chief issues at dispute as raiding of ranks of the unionized foremen at Ford, failure to equalize the wage structure, recognition, shift differentials and overtime pay, and what he labeled "arbitrary actions of the company."

### PICKETS AT PLANT

Keys said picket lines would be established "for supervisory employees only" and that the United Auto Workers (C.I.O.) in the three Ford plants here would not be asked to respect them.

The union leader said the company demanded a renewal of the old contract "with no amendments" for one year, while the F.A.A. insisted on certain alterations in the terms.

## Another Army Plane Falls But 20 Men Escape

CHAMPAIGN, Ill. (UP)—

Two top army flying officers and five other soldiers were killed Tuesday night when a B-25 crashed in a cornfield during a violent thunderstorm, the United States Army announced today.

The dead included Col. Raymond E. O'Neill, 52, a 30-year army veteran of both wars and A.A.F. balloon expert, and Col. George A. Whitley, 45, who had served in the army since 1925 and headed the mobile training unit at Chanute Field, near Champaign.

O'Neill, a brigadier-general in the Second World War, commanded Chanute Field from 1940 to 1944.

Their plane was bound for Chanute Field from Cheyenne, Wyo., at the time of the crash Tuesday night.

The army did not make public the names of the other five victims pending notification of next-of-kin.

The wreckage of the plane, strewn over a wide area about 16 miles north of here, was found early today.

It was the second army plane crash in the U.S. within a few hours. Earlier Tuesday night an army Superfortress crashed near Merkel, Texas, but all the crew escaped by parachute. Twenty men parachuted out, one was injured and two still were unaccounted for.)

## Woman Admits She Killed Woman

NEW YORK (AP)—A 31-year-old mother of two children was shot to death today off a busy Brooklyn street and an hour later a mother of three admitted the shooting because the victim "was running around with my husband," police said.

An officer said a passerby who observed the shooting of Mrs. Margaret Tannam, 31, in a hallway off a crowded Brooklyn street, approached him while police examined the scene. He told the officer he had seen the woman who fired a pistol standing in the crowd watching police.

Police entered the crowd and drew out the woman identified as Mrs. Philomina Scavone. She was quoted as saying after questioning: "I'm glad I did it. I won't have any more worry. She was running around with my husband and I asked her not to, and then I took things into my own hands. I'm glad I did it."

Police said Mrs. Tannam was seeking a divorce from her husband.

## Canada Must Be World Trader Commerce Leaders' Parley Told

VANCOUVER (CP)—Canada must be a world trader if the country's resources of manpower and materials are to be used to the greatest economic advantage of the individual and the world community, R. M. Bryan of Vancouver said in an address today at the Fifth Foreign Trade Conference of the Canadian Chambers of Commerce.

"Bilateral agreements cannot make us world traders," said Mr. Bryan, chairman of the chambers' foreign trade committee, in the opening address of the three-day meeting which started today in conjunction with Vancouver's Foreign Trade Week.

"We require multi-lateral arrangements that permit us to export and import to and from every country of the world. Foreign trade does not mean export alone. Traffic must flow both ways or the economy of countries becomes out of balance."

Delegates heard a message of welcome from Thomas Braidwood, president of the Vancouver Board of Trade. Hon. Leslie Eyles, B.C. Minister of Trade and Industry, tendered a welcome on

behalf of the British Columbia government.

Mr. Bryan recalled the words of Trade Minister MacKinnon in addressing the Third Foreign Trade Conference of the Canadian Chamber of Commerce in Hamilton in May, 1944—"Canada can never have too much foreign trade. Cut down that trade and you lengthen the lines of unemployment all across Canada."

### WAR EXPORTS

He said that during the war years approximately 80 per cent of Canada's export business belonged in the category of supplies for the United Nations' war effort. Twenty per cent could be classed as normal business, conducted with any hope of continuing into the future.

"The problems of creating and developing that 80 per cent of temporary export trade into normal trade is a big task and a task that requires co-ordinated effort of all concerned, government, manufacturers, banks and labor—in fact of every citizen of Canada."

## Promising Outlook For Early Potatoes On Vancouver Island

First 1947 fortnightly horticultural news letter of the provincial agriculture department today reported a promising outlook for the early potato crop on Vancouver Island.

The report said the strawberry season was a few days ahead of 1946 and with an increase in acreage there should be an increase in production. While some damage has been observed in low areas, on the whole strawberry patches were in good condition, the letter said.

Fall and spring seeded grain crops were making good growth, the letter said, and hay crops were promising.

As had been predicted last year the tent caterpillar infestation this year on Vancouver Island is much reduced over 1946.

In the Armstrong, Vernon, Oryama, Winfield and Okanagan Centre area, favorable weather conditions over the blossom period has resulted in a heavy set of cherries, peaches and apricots, although blossom indication in pears was lighter for the district the set appears very good, the report said.

"The blossom indications in the apple crop were not as uniform as in the 1946 season but is yet too early to make any forecast of the set," the report added. For the Kelowna district the report said blossom was heavy in many orchards, but more spotty than last year. Fruit generally appears to be setting well, but it is early to predict how much will drop during the next month.

"Indications are at present that the apple crop will be lighter than last year," the report said.

"Pears and stone fruits all indicate a heavier crop than last year."

The report said a heavy crop was indicated for cherries in the Summerland, Westbank, Peachland district, while in the Penticton, Naramata, Kaleden and Keremeos district fruit bloom on all varieties had been excellent and as large a crop as last year is expected.

In the Okanagan Falls, Oliver and Osoyoos area, the Winesap set has been heavy and "if present promises hold out apple production will be considerably higher than last year," the report said.

## Selfishness Doesn't Pay In Trade Foreign Trade Conference Told

VANCOUVER (CP)—P. C. Armstrong of Montreal, economist for the Canadian Pacific Railway, told the Fifth National Foreign Trade Conference here today that "trade is the one area of human activity in which it is impossible for selfishness to pay."

In a speech at the afternoon session of the first day of the three-day conference sponsored by the Canadian Chamber of Commerce, Mr. Armstrong said trade tariffs had existed "long enough to make it quite certain that they are not going to be abolished completely overnight."

NOT YET SHARING

He described the world as a place where nations feel "what they own is theirs, and not by any means a world in which we are yet prepared to share wealth between nations, any more than between individuals within a nation, without pretty careful thought of the consequences."

Mr. Armstrong said he found encouraging the present problems facing the United Nations and the difficulties which are being experienced in the meeting of foreign ministers at Moscow.

"Nothing was more dangerous than the idea that, by holding a lot of meetings, we could create a sort of world state overnight. We shall create a world state, but it is going to take a long time, a matter of generations and centuries."

Present points impeding the re-establishment of international trade did not arise from the war, but from the fact that there was no international currency in existence.

"Banking and financial systems have fallen into ruin," he said. "The reorganization of all this would be a big enough task in itself to make it reasonably certain that we should have to go for some years without any hope of the international commerce to which we were accustomed before 1914 or even before 1939."

"The world needs Canadian dollars... what other countries want is a supply of Canadian goods, so that the problem has to be solved by our producing and exporting goods."

"There cannot be the least doubt that we must finance our customers for some time to come, that we can finance our customers and that, as the world now stands, it may prove wise to finance our customers by gift rather than by loan, in this way avoiding serious embarrassment."

## Up-Island Car-Train Collision Victims In Serious Condition

The condition of Mrs. Ralph Murray and John Rufus Smith, both residents of Chemainus, critically injured when the taxi they were in was in a collision with an E. & N. passenger train at a North Chemainus crossing at 4:11 Tuesday afternoon, was described today by Chemainus Hospital attendants as unchanged and still very serious.

This latest accident is the second Vancouver Island one involving cars and trains this month. The earlier mishap occurred May 10 at the Lampson Street crossing in Esquimalt when one man died and two others badly injured.

The cab in the up-island accident yesterday, owned and operated by Smith, was hit broadside by the southbound train. According to Constable Tom Kelly of the Chemainus Provincial Police detachment, the engine's cow-catcher pushed the car along for a distance of more than an eighth of a mile before coming to a halt.

The car, a new Ford Sedan, is reported a total wreck. The injured were rushed to hospital.

Mrs. Murray, a passenger, sustained leg fractures, head and internal injuries. Still unconscious this morning, Smith, a resident of Chemainus for most of his life, suffered compound fractures of both legs, head and internal injuries.

The injured are being attended by Dr. N. R. Dick of the up-island town. He reported both dangerously injured.

The accident did not occur on the Island Highway crossing, but where a private road, constructed about two years ago by the injured woman's husband and other residents in the same area, crosses the tracks to give access to their properties. The crossing is partially blind.

Mr. Murray, who had been ill and away from employment at the Victoria Lumber Company, was at home attending their few months-old baby when the accident occurred to send his wife to hospital.

Boys Studying In New Schools To Be Russian Army Officers

By ROSS MUNRO

LONDON (CP)—In Moscow and other big Soviet centres hand-picked Russian boys from the age of nine are being trained in the Suvorov military schools to become officers in the Third Army.

These cadet schools, started in 1943, emphasize Russia's long-term, painstaking plan to develop crack officers and make up her tremendous wartime losses.

Details about the schools, such as the numbers of cadets attending, could not be ascertained during a month I spent in Moscow, but it is believed the course lasts eight years and then successful cadets graduate to military academies.

After academy they may go into the army as regular officers, into civilian jobs, or study further at universities.

Boys chosen to attend Suvorov schools are selected with special care. Most are sons of Russians in the privileged class—members

## Full Program For May Queen And Royal Attendants

Members of the Lions Club Victoria Day Celebrations Committee have arranged a full schedule for the May Queen, the two princesses and the four ladies-in-waiting.

On May 23 at 1, the "royal party" will attend a civic luncheon to be held in the Empress Hotel.

At 2.30 the party will leave the hotel and will be taken, in roadsters, on a tour. Their first stop will be the new D.V.A. Hospital where they will visit and chat with disabled veterans. They will then be driven to Butchart's Gardens and the Dominion Astrophysical Observatory on Saanich Hill. The girls will be accompanied on this tour by the queen-elect of the Portland Rose Festival and her escort, the prime minister of the rosearians. The drive will conclude at the Empress Hotel about 5.30.

At 8 the girls will be the feature of the May Queen Coronation parade which will assemble at Cook and Yates Streets. The parade will go down Yates to Government and along Government to the Parliament Buildings.

At 8.30 on the steps of the government buildings, Kay Trevelyan will be crowned "Queen Kathleen, Queen of the May."

Following the coronation, the "royal party" will proceed to the Bay Street Armories, where they will hear a massed choir presentation.

The party will leave the armories at 9.25, and will return to the Empress Hotel in time for the Grand March into the Queen's Ball at 10.

On May 24, the queen, the princesses and the ladies-in-waiting will ride on one of the leading floats in the morning parade which will commence at 10.30.

They will attend a civic luncheon at the Empress Hotel at 1.30 p.m., and will be taken to see all the events which will take place during the afternoon.

They will call at the Garden Library pageant, "Whatsoever Things Are Lovely," which is being presented by school children at 1210 Tattersall Drive, the Gorge Regatta and the Willows Gymkhana.

At 6.30 they will attend the queen's banquet which will be held in the Empress Hotel, and will ride in the evening torchlight parade.

On Sunday, May 25, the party will leave the Empress Hotel at 12.30 and will be taken to the Queen Alexandra Solarium where they will visit the crippled children.

They will arrive back in this city in time for the afternoon band concert to be held in Beacon Hill Park at 3.

New Winnipeg Orchestra

WINNIPEG (CP)—Plans for the formation of a symphony orchestra here were endorsed Tuesday night at a public meeting which saw preliminary steps taken toward establishment of a non-profit joint stock company, to carry the venture.

## Raush Valley, B.C., Combed For Plane

McBRIDE, B.C. (CP)—The brush-covered Raush Valley, 12 miles southeast of here, today was the centre of a widespread search for an unidentified plane reported to have crashed early Monday.

R.C.A.F. and army ground parties, provincial police and forest rangers combined to search the isolated valley, slashing their way through the heavy undergrowth.

An isolated ranger post reported the crash, but unfavorable weather hampered radio communication and it was impossible to get details. The plane was described as a black monoplane. There were no reports at any B.C. air station of a plane overdue.

McBride is on the Canadian

National Railway, 300 miles northeast of Vancouver.

## Peers To Back Transport Bill

LONDON (Reuter)—Conservative and Liberal peers in the House of Lords Tuesday pledged themselves to support the government's inland transport bill during second reading tonight, but made clear their intention of giving careful scrutiny to all its phases.

These opposition forces contend the bill, which brings Britain's inland transport under state control, was "guillotined" through the House of Commons several weeks ago. "Guillotined" is the term used when the government sets an arbitrary time limit on debate.

## Terror! A Traffic Object Lesson

Newscamera records terror on face of 10-year-old Eleanor Leverton of Birmingham, Ala., after she was knocked down by auto seen in background. Unidentified woman seen picking her up found youngster badly frightened, but not seriously hurt.

## Mounting Costs Closing In On Housing Enterprises Projects

By Canadian Press  
Mounting costs of labor and  
materials and piled-up overhead  
charges on delayed projects are  
closing in on the Housing Enter-  
prises Ltd. program of low-cost  
housing.

Thousands of houses and hous-  
ing units are nearing completion,  
but cancellation of other thou-  
sands has recently been an-  
nounced, and unestimated num-  
bers of projects have died in the  
blueprint stage.

Company officials said the  
projects were designed to pro-  
vide accommodation for lower-  
income groups, especially war  
veterans, and the rising costs  
would force rentals beyond their  
reach. Those under construction  
rent at from \$40 to \$85 monthly.

Recently announced casualties  
include a 400-unit project in Ot-  
tawa, another of 334 units in  
Hamilton and 60 houses in Ed-  
monton. Plans involving 400  
units in Montreal and 200 in To-  
ronto had been withdrawn before  
tenders were called.

In Parliament, Reconstruction  
Minister Howe has announced

the government, which was will-  
ing to continue its 90-per cent  
loan assistance to Housing Enter-  
prises, will get houses built in  
any case through Wartime Hous-  
ing and other channels.

### NEARING COMPLETION

On the other side of the ledger,  
the company has a lengthy list  
of projects nearing completion  
across Canada, with 3,276 units  
approaching completion and  
other thousands under construc-  
tion.

Seventeen blocks of apart-  
ments, including 213 units, are  
50-per cent occupied in Vancou-  
ver and a second project of 136  
grouped housing units is nearing  
completion.

In Victoria 104 single-family  
houses worth approximately  
\$500,000 are almost ready for  
occupancy, while 116 apartments  
in New Westminster will get  
their first tenants June 1.

Fifty single houses in Saskat-  
oon and 104 in Calgary will be  
ready in June and in Edmonton  
a \$4,000,000 project will have 88  
apartments open for tenancy by  
June 1.

## Mayors Of Ottawa, Vancouver Confer

TORONTO (CP) — Senator G.  
McGeer, Mayor of Vancouver,  
Tuesday conferred with Mayor R.  
H. Saunders and civic officials  
on various questions of muni-  
cipal financing.

The two mayors are preparing  
briefs for presentation to the  
annual convention of the Cana-  
dian Mayors' Federation to be  
held soon in Winnipeg.

"Senator McGeer is faced with  
problems similar to those I face  
here," said Mayor Saunders. "We  
feel that a conference on muni-  
cipal financing and government  
grants to municipalities to pro-  
tect the property owners should  
be called to clear up these prob-  
lems."

A batfish walks, sits and looks  
like a toad.

## South African Cricketers Lose

LONDON (Reuter) — South  
African cricketers, out to get 357  
runs Tuesday to win their match  
against the M.C.C. at Lords were  
never in sight of success and  
were beaten by 158 runs.

Scores:  
M.C.C. vs. South Africa—  
M.C.C. won by 158.

Yorkshire vs. Sussex—Sussex  
won by three wickets.

Warwickshire vs. Middlesex—  
Middlesex won by an innings and  
9 runs.

Surrey vs. Somersetshire—  
Surrey won by 207.

Derbyshire vs. Worcestershire—  
Derbyshire won by two wickets.

Essex vs. Northamptonshire—  
Match tied.

A fur seal accumulates as  
many as 150 wives.

## Didn't Need To Read About This Strike

Londoners knew without scanning newspaper reports that garbage collectors were on strike, as this family, holding its collective nose, indicates.

## I.W.A. May Reject Loggers' Proposals

VANCOUVER (CP) — Contract  
negotiations between coast lum-  
ber operators and the Interna-  
tional Woodworkers of America  
(I.W.O.-C.C.L.) may go to arbitra-  
tion next week.

This outcome when negotia-  
tions are resumed next Monday  
is indicated from press releases  
from the I.W.A. and Stuart Re-  
search Service, operators' repre-  
sentatives in negotiations for the  
1947 coast contract.

Mr. Stuart said after adjourn-  
ment of negotiation meetings  
Tuesday that proposals of opera-  
tors for a 10 per cent general  
wage increase and 44-hour week  
were maximum offers and em-  
ployers would go to arbitration  
if the I.W.A. rejected the offers.

The district policy committee  
of the union will likely recom-  
mend to the membership that  
the proposals be rejected, Harold  
Pritchett, chairman of the com-  
mittee, said in a statement.

"The wage offer of the employ-  
ers falls far short of the union's  
demand, coupled with the fact  
that no consideration was given  
to all other important union de-  
mands and the furniture industry  
was entirely excluded," Mr.  
Pritchett said.

## Sarah Sea Hag Cuvier's Whale

VANCOUVER (CP) — Two  
noted zoological authorities Tues-  
day backed up the statements of  
two Vancouver musicians who  
said they had seen Sarah the  
Sea Hag . . . but it wasn't Sarah  
they saw, it was Cuvier's whale.

Frank McPhelan and Ron Kin-  
loch reported seeing the monster  
off point grey in the Gulf of  
Georgia, and described it as  
about 20 feet long with a thick  
coil for a body and blunt head,  
pointed above the eyes.

Dr. Robert T. Orr, curator of  
birds and mammals at the Cal-  
ifornia Academy of Science, said  
the description fits Cuvier's  
whale, native to California  
waters. Dr. Ian McTaggart  
Cowan, zoology professor at the  
University of British Columbia,  
said Cuvier's whales often trav-  
eled this far north and that a  
specimen was found on a Van-  
couver Island beach in 1941.

## British Exports Near Mark Set In 1938

LONDON (AP) — The Board of  
Trade, making allowance for  
higher prices, estimated Tuesday  
that British exports last month  
were 98 per cent of the 1938  
volume.

Total value of exports for the  
month was £82,700,000 (\$330,800,  
000), compared with a total value  
of £82,600,000 for the preceding  
month.

Imports of £147,100,000 (\$58,  
400,000) far exceeded the value  
of exports. Food, drink and  
tobacco accounted for more than  
half the cost of the goods im-  
ported.

## Radioactive Cloud Complicates Plans To Put Plants Underground

WASHINGTON (AP) — Deadly  
potentialities of a "radio-active  
cloud" weapon are complicating  
plans for "hiding men and ma-  
chines underground in event of  
atomic age warfare.

But the problem of sealing off  
subterranean sites against poi-  
soned air is under study, accord-  
ing to an article in the current  
unofficial U.S. service publica-  
tion, Armored Cavalry Journal.

The article was written before  
plane manufacturer Glenn L.  
Martin's disclosure last week of  
experiments by the army and

navy to create radioactive clouds.  
These clouds, covering a mile-  
square area, could be formed by  
a burst of radioactive matter re-  
leased from an airplane.

Martin's disclosure was made  
before a Congressional commit-  
tee, and he declined to go into  
detail on the method.

It was recalled, however, that  
several possible methods for  
spreading radioactive death have  
been suggested unofficially, in-  
cluding release of dust or oil  
spray impregnated with radio-  
activity.

The advantage of this method  
over ordinary contamination of  
objects, where the poison is  
transferred to human beings by  
skin contact, is that inhalation of  
poisoned air, presumably, pro-  
duces a much faster and more  
complete poisoning. And, be-  
cause it is airborne, it seeps  
through the chinks of ordinary  
armor set up to protect against  
mere blast and heat.

The armed forces have been  
aware of the menace of radio-  
active air since last summer's  
Bikini atom bomb experiments.  
It was discovered there that even  
the use of a welder's torch or a  
grinding wheel would release  
into the air radioactivity which  
had adhered to solid objects such  
as warship fittings.

Headed for a glorious Holiday!

Wear White  
for the 24th

It's the smart thing to choose a suit, a  
coat, a popular shorty in the shade of  
white or off-white which is the fash-  
ionable trend. Suits that are beautifully  
made, coats to top everything, they  
are offered here in a really attractive  
display, designed for your outfit for  
the holiday.

## COOL HEADS NEEDED

WITH RECOLLECTIONS OF CONDITIONS prevailing in British Columbia's forest industries just one year ago, the people of this province will look with some apprehension on the obstacles now blocking agreement between the lumber operators and the International Woodworkers of America in the negotiation of a new contract. Today's reports indicate arbitration proceedings may be expected next week. If the two parties cannot reach a more amicable conclusion, this course is the only feasible one to follow. What both sides should bear in mind, in the public's interests, is the urgency of continued production.

The workers know only too well the losses they would sustain should a stoppage paralleling that of 1946 occur. Similarly the industry understands the difficulties of meeting commitments when continuity of supply is not guaranteed. The public, on the other hand, has no delusions over the immediate outcome of any strike at this time. It would simply mean that vitally needed construction would come to a halt. No backlogs exist. Of no less severity would be the repercussions on the entire economy of British Columbia, which derives one-third of its total wealth from the primary and secondary forest industries.

It must be obvious to the I.W.A. membership that it can severely dislocate, if not wreck, the prosperity of this province by ill-considered action at the present time. By the same token, the industrious workers who have contributed so much to the creation of economic strength here would be inflicting injury on themselves from which it might take years to recover. The clear realization of these facts will doubtless be a stabilizing influence on the men who derive their livings from the woods and the raw products that come from them.

The statement of Harold Pritchett, chairman of the union committee, that the wage offer of the employers falls far short of the union's demand and that consideration has not been given to other important issues will occasion little surprise. Mr. Pritchett has long since forfeited claims to originality in this respect. When labor and management meet to negotiate a new contract, it is natural that each should seek the best bargain it can get. Nor should it be a matter of amazement to either when compromise has to be effected.

The plain fact of the matter is that industry cannot stand a major conflict entailing loss of production now. Every potential home builder, every workman who depends upon lumber for his job, is insistent that no further hurdle be placed in his way. If arbitration is necessary, let there be arbitration. But under no circumstances should opposing sides develop a position so adamant that a production stoppage would result. Such an eventuality invariably leads to later agreement around the conference table, but only after irreplaceable loss to all parties involved.

## A NATIONAL ASSET

THERE WAS SOMETHING MORE THAN the mere phraseology of an official speech in the words with which His Majesty the King described his feelings upon returning from an extended visit abroad. There was a deep sincerity and confidence in his tone when he said in his Guildhall address: "Nothing will ever shake my belief that this old country—old in history, old in experience, old in achievement—is at heart as young and vigorous as she has ever been."

Such an expression would come easily at the height of the wave of success; it would be expected in a speech designed to top off a victory; but coming as it does when Britain is braced to struggle up from economic adversity, when belts are tightened, lips are set grimly, and eyes are witnessing the passing of the world of stability and profit that Britain herself did much to create—coming at such a moment, these words have the quality of insight and the ring of conviction.

It would be well for those who are ready to "write off" Britain as a bankrupt little island with 40,000,000 ill-fed people to dig a little deeper into the character of those inhabitants. Greatness is not an attribute that shows only in good times, but a quality that provides a reserve of strength in time of distress. One need only look at some of the other floundering countries of Europe to recognize that Britain has something different—a national asset that increases in value as the going becomes harder. The going will be hard, of that there is no question, but the determination to succeed is equally great.

## PROGRESS AT A PRICE

THE NEWS THAT A RUSSIAN ENGINEER has invented a telephone which permits the users to see each other will be received with mixed feelings by most people. This is the sort of scientific "progress" which we might well do without, when we begin to assess the horrible possibilities which are involved. Who, called at dawn

from a warm bed, would wish to see the stolid, inane face of the man who had dialed a wrong number? Or, who, having sprung from the bath tub and come running to the jangling telephone, would wish to be viewed by the stranger at the other end of the line? The telephone, regarded by many a subscriber as merely a means of invading his privacy, would gather little additional popularity through the use of this visual device.

However, it is admitted that there are many to whom the new invention would be a welcome adjunct. By it the young man would not only hear the bell-like tones of his lady love, but also enjoy the sight of her face divine as she talked to him—unless he called her in the hair-curler and wrapper stage. And commercial tycoons, transacting business by telephone, could see the features of those with whom they bargained, and be able to judge whether the spoken words were backed up by sincere looks. Yes, the thing has possibilities. But we are waiting to spend our money on something even better—an attachment which effectively silences the telephone bell. There, Mr. Engineer, is something for you to work on.

## GENERALITIES

ANY MAN WHO STANDS UP THESE days and says that he has a plan to abolish war will get a hearing, and if he has a good plan it should gain him the close attention of all who are interested in the future of world security. The plan put forth last night by Mr. Henry Wallace at San Francisco no doubt is a good plan—it appears to contain little that has not already been proposed in one form or another by students of international affairs—but in its summarized form it does not get over the difficulties involved in practical details.

Mr. Wallace, for instance, calls for "the settlement of civil war in Greece and China according to the principles of the United Nations Charter." This surely is a laudable ambition, but it is the hope of achieving what they see as just such a settlement which keeps opposing sides fighting. Then, too, the controversial nature of global negotiations in the modern style seems to militate against the prior acceptance of broad principles which then are applied in particular. The current method seeks success through a more inductive procedure, forming and trading the building-blocks of which the final agreement will be made.

The present debate at Lake Success provides a case in point. Russia insists that atomic weapons should be outlawed, after which she will agree to international control and inspection of atomic energy research and production. Britain and the United States on the other hand, contend that a system of international control must first be set up, following which they will agree to prohibition of atomic weapons. On such oblique anvils are modern agreements hammered out.

While such an environment would appear to make impractical any such formulation of principles as Mr. Wallace has enunciated, at the same time it carries within it the need for a periodic summation of objectives. For there is danger that in the course of argumentation over details and procedures the final goal may become obscured. It is well to have the ultimate aims restated from time to time, although it must be realized that their achievement involves the long and painful bartering, the "hurt feelings," the vetoes, the walkouts and the seemingly interminable arguing that have marked the postwar conferences. Let us not lose sight of practical requirements in the quest for peace, but equally, let us not forget the ultimate humanitarian goal in enduring the turmoil of immediate problems.

## TRADITION

THERE IS A WEALTH OF INTEREST in the problem which now confronts the village of Kingsteignton, Devonshire, for the traditions of the 13th Century have come up against the demands of the 20th, and something has to give way. The villagers have put up cheerfully with rationing and shortages, but they are beginning to think that austerity is going too far. The Food Minister has ordered that the 600-year-old ceremony of killing a ram on Whit Tuesday as a thank-offering for the clear, cold stream which flows through the community, must not take place.

For the six years of war the villagers took a chance on ignoring fate and no rams were killed. Last year again came an order that no ram should be roasted, but there was a "misunderstanding at the local food office" and the people got their ram. They are determined not to risk bad luck this year by failing to roast a ram now that the war is over.

There is a sense of timelessness of England in this 20th Century conflict with a 600-year-old custom, and the determination of its devotees that not even the food shortage of this age of science shall interfere with provision of the roast ram which "guarantees" the village water supply. Even with a realization of Britain's meat scarcity, especially following the recent floods which killed many sheep, we cannot deny a hope that there will be another "misunderstanding at the local food office" and the people of Kingsteignton will have their roast ram.

## NOTES

To auto engineers: People need cars. They will buy. But that doesn't mean approval of your design. They have no choice.

Understanding requires knowledge. The housewife, which Israelites preached from were low and flat, not high and steep enough to make a preacher slide.

## U.S. Freight Rates

By PETER EDSON from Washington

MUCH EXAGGERATED comment will probably be made on the United States Supreme Court decision upholding the Interstate Commerce Commission's first class freight rate equalization order of May, 1945.

By this order "class" freight rates on most manufactured goods will be increased 10 per cent in the "official" railroad rate territory northeast of the Potomac, Ohio, and Mississippi rivers. In the Southern, Southwestern and Western Trunk Line rate territories east of the Rockies class freight rates will drop 10 per cent. Rates in the Mountain-Pacific territory west of the Rockies are not directly affected.

SOME EFFORT HAS BEEN made to build this up into an industrial revolution in the U.S., changing the pattern of the entire economy.

Extravagant claims have been made that this order will cause chaos in the industrial Northeast. Roughly half the U.S. population and nearly three-fourths of the country's business, measured in dollars, is concentrated in this rich area which has up to now enjoyed the lowest freight rates.

Equally extravagant claims have been made that the new I.C.C. order should give the South and the Midwest an industrial boom. Southern states in particular have led the long fight against the preferential freight rates enjoyed by the Northwest.

STRANGELY ENOUGH, it has not been the railroads who fought the I.C.C. rate change order when it was issued two years ago. They had prepared their tariffs in compliance and filed them with the I.C.C. when nine Northeastern states filed suit in federal court at Utica, N.Y., seeking an injunction to prevent the order from being put into effect. Gov. Tom Dewey of New York was one of those who brought the suit, and this fact was used against him politically in the West.

Correctly appraised, the Supreme Court decision approving the I.C.C. order is merely the first step in carrying out a long-needed unification of the American railroads' freight rate schedules.

Historically, these schedules have "just grown" as American commerce has spread westward from the eastern seaboard where the first railroads were built, and as the number of products carried by American railroads has grown to its present many thousands of diversified freight.

FOR ALMOST ALL THE 60 years of its existence, the I.C.C. has been trying to straighten out this mess. It has achieved some unification of rules and regulations, but not of rates. Its order of two years ago was only a first step in this direction. It affects perhaps 5 per cent of the railroads' total tonnage.

I.C.C. can now proceed with the rest of its program. It has already directed the carriers to work out a uniform rate classification to apply to the whole country. The railroads are now at work on this tremendous job. Gradually, rates on commodities other than manufactured products which make up class freight will be considered individually and brought into proper relationship with the class rates. This may require several years. Rates on raw materials—coal, grain, etc., half the roads' tonnage—will not be affected.

IN THE MEANTIME this first equalization of freight rates on manufactured goods—10 per cent higher in the Northeast, 10 per cent lower in the South and Midwest—is not expected to have too great an effect on prices. Small manufacturers in the Northeast who ship only in this territory will pay 10 per cent more. In general, transportation charges represent about 10 per cent of final costs. So a one per cent average price hike might be justified. In the rest of the country east of the Rockies a similar price drop would be in order. But this equalization of freight rates should not mean that established industries in the Northeast will start moving to the South or Midwest to gain the advantage of lower freight rates. The reason is simple. On interterritorial movements of freight from Northeast to the South and Midwest, eastern shippers have just as much to gain from the lower Southern and Midwestern rates as they have to lose by higher rates within their own territory.

VIEWED IN THIS LIGHT, New England manufacturers of razor blades, cutlery, clothing, hardware, or machine tools have something to gain under this new order because they will receive the benefit of lower rates on long hauls south and west. The Northeast should, therefore, keep all its present industry because it is still growing.

On the other hand there is now an incentive for new industries to develop in the South and Midwest. Lower freight rates within these territories will enable such industries to compete with the established Eastern manufacturers on more even terms.

## Quoting

Although officials engaged in this country's cultural relations program clamor for more money, they should be concerned about more and better ideas.—Dr. Joseph P. Thornington, associate editor The Americas, quarterly review.

One of the things nurses resent bitterly but quietly are the bad manners and general boorishness of some members of the medical profession who regard themselves as something sacrosanct.—Dr. Fred G. Carter, superintendent St. Luke's Hospital, Cleveland, Ohio.

## 'No, Indeed, It Isn't My Animal'

## A U.S. View On Universal Military Training

By JAMES THRASHER, From New York

THE TWO BRANCHES of the United States Congress shortly will begin hearings on bills which would establish universal military training. The outcome is in doubt. But at least it seems certain that the question is finally going to come to a vote.

The bills under consideration are based on the so-called American Legion plan. This is a long-considered program which reached its final form only after exhaustive conferences and meetings throughout the country, in which all manner of suggestions and objections were received and studied.

### STRONG OPPOSITION

The final plan does not meet all objections, of course. There will be strong opposition to any such bill. And the reasons are substantially the same as those which for 20-odd years have kept the question of universal training from advancing beyond the talkative stage.

It has been argued that universal military training will warp the character and corrupt the morals of youth; that it will interfere with work or education and sever home ties; that it will make the United States an aggressive, militaristic country whose trained body of civilian

defenders will invite rather than discourage war.

### CIVILIAN PLANNING

Under the American Legion plan the planning and supervision will be in the hands of civilians. Rules of conduct and discipline will be included in civil, not military, regulations. These regulations give due consideration to the moral welfare of those in training.

The youths will be army and navy trained, but they will not be in the army or navy unless they choose to join up at the end of their basic training period.

Basic training is for four months—during the summer vacation period for those who intend to continue their education in the fall. Boys will be sent to training centers as near their homes as possible. After the basic course there is an advanced training period of 36 weeks or longer. The type of training depends on the qualities and wishes of the young man, within quota limitations. He will have a wide variety of choices.

### ADVANCED TRAINING

Advanced training may include special studies in colleges or industrial schools. It can mean service in the R.O.T.C., National Guard, Organized Reserve or

National Security Training Corps. Requirements may be met through special training in vocations, skills and services of value to national security.

Those are some of the basic points of the American Legion plan. It is a carefully thought-out approach to a vital program, and deserves sensible consideration. Of course universal training is something that America would never choose except at the gunpoint of necessity. It goes against American tradition.

### REALITY

So, unfortunately, do many of the trends of world affairs today. Opposition cannot be based on traditional grounds in defiance of reality. It must answer some very definite questions.

Is the world in a state of peaceful stability? Are the other great powers rapidly disbanding their armies and giving no thought to trained reserves of manpower and production? Is America free from any threat of future wars? If war should come, would continental United States again escape attack while it built up a military force and the means of supplying it?

If the answer to those questions is yes, then universal military training is not necessary to national security.

## On Pakistan They Differ

News from India

AFTER a talk with Mahatma Gandhi, which lasted a day and three hours earlier this month, Mr. Jinnah issued the following statement, which he said had the former's approval:

"We discussed two matters: One was the question of the division of India into Pakistan and Hindustan. Mr. Gandhi does not accept the principle of division. He thinks that division is not inevitable, whereas in my opinion not only is Pakistan inevitable but it is the only practical solution of India's political problem.

### CALL FOR PEACE

"The second matter which we discussed was the letter which we both have signed jointly appealing to the people to maintain peace; we have both come to the conclusion that we must do our best in our respective spheres to see that this appeal

of ours is carried out, and we will make every effort for this purpose."

In another statement on the situation in the North-West Frontier Province, Mr. Jinnah said that the Moslem League movement in the N.W.F.P. was started because the people, and especially Moslem Leaguers and the League organization, were "sought to be crushed by Dr. Khan Sahib's Ministry by fair means or foul."

Frontier League leaders, after full consideration, Mr. Jinnah said, had come to the conclusion that the provincial government's decision unconditionally to release League political prisoners charged with offenses of violence in no way met the demands of the Moslem League, including fresh elections. They, therefore, decided not to call off the movement.

### FOR TRUE VERDICT

Mr. Jinnah added: "I sympathize with them and I am unable to disagree with them in the decisions they have taken. Nevertheless, we must recognize that the question of the Frontier in all its aspects is now before His Majesty's Government and Lord Ismay is in the United Kingdom now and, in my opinion, it is a question of a few weeks before decisions concerning the whole of India are likely to be announced."

In these circumstances, Mr. Jinnah appealed most earnestly to every Moslem, especially Moslem Leaguers, to do all in their power to remain peaceful. "Our fight is not against Hindus or Sikhs; we are fighting for the true verdict of the people of the province, to be obtained by fair and free methods. It is against all cannons of morality and civilization, and against the teachings of Islam, that we should harm the weak."

## Letters To The Editor

### OYSTER SCHOOL COSTS

Please allow me space in your paper to correct some of the figures contained in a news item in the Times of Friday, May 16, under the heading "Oyster, Esquimalt Groups Score Rising Rural School Tax Rates."

The figures referred to are in that paragraph to quote, "The delegation told the two ministers that if the school board proceeded with its plans the provincial government would pay half the cost of the school while the remaining 50 per cent would be paid as follows: Ladysmith,

\$44,000; rural North Oyster area, \$132,000, and rural North Cowichan, \$132,000."

These figures are incorrect. Those given by the delegation from North Oyster were, Municipality of Ladysmith, \$44,000. Municipality of North Cowichan (which is by no means rural and which includes Chemainus), \$80,500, and the rural portion of the area of which North Oyster is only a part, \$132,000.

Trusting that this explanation will save any unnecessary controversy by ratepayers of the above districts. D. WILSON.

President, North Oyster Taxpayers' Association.

### TRAGIC DEATH

Re the tragic death of war veteran William Ernest Greene on Sunday last.

Isn't it about time our streets were cleared of wood trucks, Ross carriers and other heavy machinery on our day of rest? Surely enough profit is made by these concerns in six days. Can we not have one day a week for rest and recreation without having to dodge these street dangers? What a deplorable end for a war veteran or anyone else because our streets are cluttered up with commercial vehicles on Sunday.

F. ALMOND.  
Colville Road.

## CLIPPED OF RANDOM

**HARPING BACK**  
London (Ont.) Free Press  
In the "Good Old Days" Pa raised son with a barrel stove. Now he calls on the Vocational Guidance office.

**TRUTH OF THE MATTER**  
Edmonton Bulletin  
When mother tells the kids she never thought, at their age, of doing the things they do, the answer is that that is the only reason she didn't do them.

**THINGS IN GENERAL**  
T.D.F. of the Ottawa Citizen  
Shanghai has outlawed the \$100 bill. In fact, no bill under \$500 is now legal tender over there. And even that is hardly worth tendering, as its value is only four cents. Our principal reason for going so exhaustively into this phase of Chinese finance is that we thought you might like to know how things are in Shanghai, as well as in Glocca Morra.

**MAGNOLIA FEVER**  
Oregon Statesman  
Eight marriages among high school students this spring prompted the principal of a Tennessee high school to put brakes on romancing. Marriage hereafter is to be treated as an offence to be punished by indefinite suspension.

It is just a peculiarly virulent form of a common spring infection which has hit the Tennessee high school. Every school for adolescents experiences it in springtime. The ordinary light rash is called puppy love; but occasionally youngsters get the disease so bad there is no cure but marriage. Eight such cases is most unusual. The magnolia blossoms must have been unusually redolent in Tennessee this spring.

**THE THREE P's**  
Washington Post  
It is doubtful whether Mr. Dean Acheson could have been induced to stay on as Undersecretary of State even if his \$12,000 salary had been boosted to \$15,000. His problem is not one of a few thousand dollars more of yearly income. He is returning to law practice because he feels the need to repair a personal budget which has been put out of kilter by his long spell in government service. In any case government cannot hope to compete with private industry in pay, nor should it. It must always depend upon the lure of one or more of the three P's: Prestige, power, patriotism.

**CLEANED TOO MUCH**  
Letter to The Times of London  
The Velazquez head of Philip IV is now ruined for all time and this once beautiful painting is no longer worth showing on the walls of the National Gallery. Those of us who, like myself, know the Prado well, will, I think, agree that there is no "head" there, remotely resembling this Philip head in its present chalky pink condition: the Prado Velazquez have scarcely altered at all throughout the ages in that clean, rare atmosphere.

In view of the impasse which now seems to exist between artists and the National Gallery authorities on the subject of "cleaning" old masters, would it not be possible to convene a meeting between a representative body of painters and the National Gallery experts when each side could put forward its views? If the Velazquez Philip and the Rubens Chapeau de Paille were available for inspection, the discussions would be all the more instructive.

**Safety Valve**  
London Daily Mirror.  
The delegates from the Supreme Soviet express concern at what they call influences here which are hostile to Russia. It is doubtful, however, whether our visitors have even a glimmer of understanding of the system of political democracy as practiced in this country. Do they not confuse hostility with opposition?

In Great Britain unfettered discussion, differences of opinion, and vigorous criticism are not only tolerated but welcomed, because they constitute the fundamental element in our conception of freedom and good government. The fact that we encourage an "Opposition," and actually pay its leader, possibly strikes the Russian mind as crazy, yet it is one of the essential bulwarks against the single-party, or totalitarian, system which we detest.

In Russia, of course, all people do not think alike. Differences of opinion exist, but there is no means of outlet for them. Opposition must remain underground, where it smoulders and becomes dangerous. In this country freedom of expression provides an invaluable safety valve.

# The DOCTOR

Says:

**INHERENT EAR DISEASE CLAIMS 12 MILLION**  
By WILLIAM A. O'BRIEN, M.D.  
Progress report of a 20-year research program in otosclerosis

is full of valuable information for victims of this malady, according to an editorial in the Journal of the American Medical Association.

Otosclerosis, an inherited ear condition, is more common in women. The disease does not necessarily progress to severe deafness, as it may be stopped in any stage of its development. In 60 families who were studied through several generations, it was learned when both parents

were deaf from otosclerosis that nearly all their daughters and two-thirds of their sons would be deaf from the same cause.

Nearly 12 million persons in the U.S. suffer from otosclerosis, which is caused by hardening of the stapes, one of the small bones in the ear. In one out of 10 of these persons, the bone changes are sufficient to cause deafness.

If the hearing of all children were tested with an audiometer as they entered school and again when they started high school,

deafness from otosclerosis could be detected. It has been learned that even though the condition is not progressive and does not cause deafness, such persons can transmit the tendency to their offspring.

## CAUSE IS UNKNOWN

When a woman from an otosclerotic family becomes pregnant, she should have detailed prenatal care with special attention to her diet. Cause of the

condition is not known, and all precautions must be observed.

When otosclerosis is well developed and hearing loss is present, cure of the bone difficulty is not possible. Some patients find a hearing aid of either the air or bone conduction variety helpful in overcoming their handicap, while others also learn to lip-read.

The port of Marseilles is almost cut off from the rest of France by high hills.

## War Flashback

Six years ago next week—May 29, 1941—an official German communiqué announced that the fate of the British and French armies on the continent was sealed. Driven right into the channel, it appeared that nothing short of a miracle could save them... that miracle happened. Slowly and in good order the British and French armies withdrew toward Dunkerque, where

naval forces and the famed Mosquito fleet began their colossal rescue work. When on June 4 the Germans at last entered Dunkerque, it was a ruined port from which their prey had escaped.

## Malayan Train Wreck

PENANG, Malaya (Reuter)—Eight persons are known to have been killed and 13 seriously injured when the night mail train from Kuala Lumpur to Penang

was derailed at Bukitengah yesterday.

It is the first serious accident on the Malayan railways in 16 years.

## March New Car Registrations Gain By More Than 300

More than three times as many new cars were licensed in British Columbia last March as during March, 1946, the motor vehicle office reported today.

New registrations of passenger motor vehicles totaled 1,002 for March of this year compared with 295 for March, 1946.

March registrations of new commercial vehicles totaled 579 this year compared with 179 during 1946.

New registrations of motorcycles totaled 176 during March of this year compared with 68 in March, 1946.

Turnover of cars is considerable higher than at this time last year, 5,160 transfers having been effected for passenger cars last March, against 3,940 during March, 1946. Commercial transfers rose from 1,012 in March, 1946, to 1,542, last March, while motorcycle transfers increased by eight to 265.

British Columbia motor vehicle registration is rising steadily, 136,097 cars being registered on last March 31, compared with 121,007 on the same date last year. Of 1947 total 101,798 were passenger vehicles, while 34,299 were commercial vehicles. The

## One Man's Family

There are 70 people in the photo above—the family, including sons-in-law and daughters-in-law of Mr. and Mrs. Albert Fox of Brosius, W.Va., seen in centre of bottom row. Eleven of the Foxes' 12 children gathered with their families to celebrate the old folks' golden wedding anniversary. Illness at home kept one daughter away. The Foxes have 48 grandchildren and 10 great-grandchildren. One of the daughters has 11 children of her own, all present at the reunion.

motorcycle registration at last March 31 stood at 2,342, compared with 1,747 for the same 1946 date, while the trailer registration totaled 4,624 last March 31 compared with 3,741 on March 31, 1946.

Total number of licensed drivers last March 31 was 177,173, an increase of 20,168 over the March 31, 1946, total.

## GOOD HEARING

Investigating the "Atomizer," believed the world's smallest and lightest all-in-one hearing instrument. Full power — 8½-octave range. No separate battery pack. Acoustically fitted. Also the "Secretor," the invisible ear mold that fits all hearing aids—exclusive with "Maico," entirely different from any ear mold in use today.

## 4 B.C. Air Cadets Will Fly To Britain

P. C. Routley, chairman of the Greater Victoria Air Cadet Council, said today that every province in Canada would be represented by 46 Canadian Air Cadets who will be flown to Britain during July for two weeks training on a R.A.F. station.

The plane in which they will cross the Atlantic will bring a similar number of English air cadets to Canada to train on an R.C.A.F. station.

Mr. Routley said that about four cadets from British Columbia would be going. Between 16 and 20 have been nominated from the various squadrons and the provincial committee is now carrying out the matter of selection.

## Bible Translation Endorsed By Church

LONDON (AP)—Church of England leaders voted Tuesday to support the projected publication of a new version of the Bible translated for modern readers.

The upper house of the Convocation of Canterbury approved a resolution calling on the Archbishop to appoint Anglican Church representatives to an inter-denominational editorial committee to work with the Oxford and Cambridge University presses on the translation.

There was no indication when the work would start. Rt. Rev. K. E. Kirk, Bishop of Oxford, emphasized: "The whole proposal is in a very preliminary and fluid state."

## No Parcels Campaign

VANCOUVER (CP)—City Council Tuesday turned down the suggestion of Mayor Percy George of Victoria for an organized effort to send parcels to Britain. It endorsed a recommendation the project should be handled by organizations of Old Country people here.

## Career Of Smuts Traced Before Kiwanis Club

Max B. Cody, Regina, was guest speaker at the weekly luncheon meeting of the Victoria Kiwanis Club Tuesday. During his address on "Foe to Friend," Mr. Cody traced the career of Field Marshall Jan Christian Smuts, Prime Minister of the Union of South Africa.

Mr. Cody said he first became interested in Smuts when he read about the great exploits of the Boer leader during the South African war.

"Smuts suggests to me to be one of the most romantic of all figures in British history. It is remarkable that at one time he was one of Britain's greatest enemies and is now one of her finest friends and supporters."

Smuts was born on May 24, 1870. He was a brilliant student and won many honors at his university. He took post graduate work at Cambridge where he completed his studies at the age of 24. So brilliant was he that he was offered a professorship of law at Cambridge. But he refused, and sailed back to Cape-town where he set himself up in the law practice.

When the South African war broke out, Smuts immediately organized a band of 250 Boers to fight the British. This group soon grew to 3,000.

"During the first four months, it was a very critical time for the British," Mr. Cody said. "Smuts and his army of 3,000 were constantly hitting at the British army of 10,000."

When Britain finally won out, Smuts was sent to represent the Boers at the peace conference. He was expecting harsh treatment but when he found the British terms of peace were just and generous and actually offered self-government to the Boers, he immediately turned from anti-British to pro-British.

In 1910 South Africa established itself as a self governing Dominion, Mr. Cody continued. Gen. Louis Botha was the first premier and Smuts was minister of justice and minister of defence.

When the World War broke out, Smuts and Botha organized the South African army and cleaned the Germans out of German West and German East Africa.

In 1919, Smuts became prime minister of the South African Union. He served in this capacity until 1924 when he was defeated by the Nationalist Hertzog. It was not long after this however, that it was necessary to form a coalition government.

When World War II became imminent, the coalition parties became divided over the stand which South Africa should take. Hertzog maintained that South Africans should only fight if South Africa was invaded. Smuts contended it was their responsibility to go to the aid of the mother country.

"Fortunately Smuts carried the day and was again elected prime minister," Mr. Cody said.

## Villagers Determined To Have Festival Despite Food Ruling

LONDON (Reuter) — The government has ruled no ram will be roasted on the village green in Kingsteignton, Devonshire, on Whit Tuesday this year.

Food Minister Strachey announced Monday the 13th-century tradition, a thank-offering for a clear, cold stream which flows through the village, would have to wait at least another year before it could be restored in pre-war style.

But the villagers of Kingsteignton, only village to perpetuate the tradition of a burnt offering in England, are one up on the Food Minister. Although Strachey denied it in the House of Commons, the villagers had their ram last year through a "misapprehension" at the local food office. They are determined to have it again.

Through six years of war, the ram roasting, centre attraction of an annual fair, had to be abandoned, but the villagers are convinced Strachey will bring them bad luck if he bans the festival in peacetime.

R. C. G. Molland, a member of the ram roasting committee, said 7,000 people attended the ceremony last year. He suggested the tradition might be maintained by roasting a deer instead.

Rams are scarce in Britain. More than 4,000,000 sheep of all ages and sex were killed by the severe winter.

## View Of St. Pauls' Discussed As New London Buildings Rise

LONDON (CP)—There was a time when London's landmarks were sacrificed ruthlessly to the march of progress. Roman remains disappeared to make way for railroads and Jacobean interiors were smashed to provide office space. Today such incidents are rare.

Throughout the land keen eyes are on the watch for desecration of hallowed spots.

### POWER ADDITIONS

A defensive action is being fought now against a project to enlarge the existing bankside power station on the south side of the Thames. Critics say the bulky and towering chimneys of the new building will detract from the view of St. Paul's Cathedral, which is on the other side of the river, half a mile away.

E. H. Keeling, Conservative member for Twickenham, told the House of Commons the project would be watched with alarm by the entire empire.

H. J. Randall, managing direc-

tor of the City of London Electric Lighting Company Ltd., said four other stations in the London area would have to be built or enlarged to meet "the acute shortage of generating plant."

"The new station will be widely separated from St. Paul's by the river and intervening buildings," he said. "The cathedral is built on land which is 40 feet higher than the bankside site."

"The height of the nave of the cathedral is approximately 120 feet, so that the roof level of St. Paul's, apart from the dome, will be 70 feet above the power station buildings."

### NEW PROMENADE

A promenade to be built on the river frontage would give

Londoners a better view of St. Paul's than they had had for perhaps 200 years. The power station buildings would be set back.

The top story of Reuter's building on Fleet Street, where the Canadian Press has its London bureau, was set back during construction in 1936 at the request of the cathedral authorities. More recently, the general post office, which handles Britain's communications systems, agreed

to modify plans for extending its crowded headquarters in the Faraday Building.

And during the war drastic

bomb damage removed many obstructions to give Londoners the most complete—and costly—view of the cathedral anyone has had.

## L.O.B.A. Grand Lodge Sessions Here

Miss M. Johnston, Vancouver, left, R.W. Grand Mistress, will preside at all sessions. Pictured with her, left to right, are Mrs. F. Noel, Victoria, Grand Secretary; Mrs. P. Howe, Prince Rupert, Deputy Grand Mistress, and Mrs. M. Paterson, Victoria, Immediate Past Grand Mistress.

The 25th annual session of the Right Worshipful Grand, Ladies' Orange Benevolent Association commenced Tuesday night in the Crystal Ballroom at the Empress Hotel when delegates from 34 provincial primary lodges were welcomed by R.W. Grand Mistress, Miss M. Johnston, Vancouver, and her grand lodge officers.

On the evening's program was a silver anniversary addenda, convened by Victoria lodges, with Mrs. Mary Paterson, immediate past grand mistress in charge, also a review given by Mrs. Eva Doane, senior past grand mistress, of the past 25 years of the organization, and the founding of the Grand Orange Lodge in British Columbia.

Officers and members of Pride of Victoria Juvenile Association exemplified a flower addenda under supervision of Past Grand Mistress, R.W. Mrs. I. S. Burt.

Grand Secretary, Mrs. Florence Noel, Victoria, was soloist for the evening.

R.W. Sister L. Berkett, Vancouver, past grand mistress, gave a brief address on the life of the late M.W. Mary Tulk, founder of the grand lodge in British Columbia.

Misses Agnes Martin, Shirley Linder, Irene Lewis and Mae Hanley, delegates from Grandview No. 90, were welcomed and presented with flowers. Bouquets were also presented to Mrs. H. Allen, Horseshoe Bay, B.C., Grand Juvenile Director by Chief Chair Lady, Miss M. Noel, and to the Grand Mistress by Miss Lillian Crowther.

During the evening an anniversary cake was cut by the Grand Mistress.

Introduced to the gathering and accorded high honors were six members who were present at the first grand lodge session

in the province, Mrs. M. Hunter, Mrs. G. Elsmore and Mrs. M. Trowsdale, Victoria; Mrs. H. Allen and Mrs. J. Saunders, Vancouver, and Mrs. H. Prosser, Penikese.

Another honored guest was M.W. Mrs. H. Edgar, Calgary, immediate most worshipful past grand mistress of British America.

This morning, church service was held in Christ Church Cathedral, with Canon Michael Coleman the speaker, followed by official opening of grand lodge sessions at the Empress Hotel with special opening ceremony convened by R.W. Sister L. W. Burt, P.G.M.

Official welcome to grand lodge from local lodges was given by Sister Edna Bell, Purple Star Lodge, and Sister Rose Cook, Britannia Lodge.

Sessions continue today and Thursday.

## Personal Notes

Mr. and Mrs. H. B. Olson with their son, Keith, have returned to their Beach Drive home from holiday trip to New York.

Mrs. M. A. Hall, Toronto, is making an extended visit in the city, the guest of her sister, Mrs. A. J. Campbell, Dallas Road.

Mr. Harry Dawson, who has been visiting his parents, Mr. and Mrs. H. B. Dawson, 10 Douglas Street, returned by plane to his home in Los Angeles today.

Rear-Admiral E. R. Mainguy, O.B.E., R.C.N., and Mrs. Mainguy entertained friends Tuesday evening at a buffet supper at Admiral's House, H.M.C. Dockyard.

Mrs. W. Scott Ford of Tulameen, B.C., is guest of her parents, Mr. and Mrs. A. D. Ellwood, "Ivygreen," Metehosin, until the wedding of her sister, Miss Gwendolyn May Ellwood, which takes place on June 2.

Mrs. Daryl Bissell, with her children, Penny and Candice, have come from Whitehorse to spend about six weeks with Mrs. Bissell's parents, Mr. and Mrs. W. J. Drysdale, 3107 Quadra Street.

Mr. and Mrs. A. Stuart Bleakney of Newport Avenue, have started on a motor trip across the United States to Ottawa, where they plan to spend the summer. Mr. and Mrs. Bleakney will return to the coast near the end of the year.

Mrs. Edith Newmarch of Beverley, Yorkshire, England, has arrived in the city to visit her brother-in-law and sister, Mr. and Mrs. William Vowles, Lake Hill. Mrs. Newmarch, who will spend about three months here, crossed the Atlantic aboard the Aquitania.

Miss Jean Dobbie entertained recently with a buffet supper at the home of her parents, Major and Mrs. A. G. Dobbie, 1733 Monteth Street. The guests were Misses Rosemary Money, Marion Gibbs, Joyce Roberts, Marion and Betty Brown, Elizabeth Vey, Evelyn Usher, Maureen McCabe and Marilyn Olson.

Honoring Miss Joan Davidson, whose marriage to Mr. M. Burns will take place next month in Vancouver, Mrs. R. C. Berry entertained with a miscellaneous shower at her home, 1011 Pakington Street. Gifts were presented in a decorated pink and white container, and arrangements of spring blossoms were placed throughout the room. Among guests were the bride-elect's mother, Mrs. R. Davidson of Vancouver and her cousin, Miss Sue Kirkland of London, England.

Mr. and Mrs. W. H. Spence, 3168 Shelbourne Street, entertained Tuesday evening in honor of their guests, Mr. and Mrs. W. Culahan, on the occasion of their 31st wedding anniversary, and also for Mr. and Mrs. E. Jones, who celebrated their 22nd wedding anniversary. During the evening vocal selections were given by Mrs. K. Sturgeon, Messrs. W. Spence, E. Jones and Don Gray, accompanied by Mrs. W. Spence and Mrs. E. Harwood. Other guests were Mr. and Mrs. B. Hodgins, Mrs. Don Gray, Misses Shirley Sturgeon, Irene and Mildred Spence and Mr. K. Sturgeon.

Miss Bonnie Rawlinson, whose marriage to Norman Loudoun takes place Friday, will entertain members of the bridal party at the home of her parents, Mr. and Mrs. W. G. J. Haswell, 1601 Yale Street, prior to the wedding rehearsal Thursday. Guests will include Mrs. A. Heaslip of Toronto, who will attend her sister as matron of honor; bridesmaids, Miss Audrey Cridge, Miss June Rawlinson, sister of the bride-elect; Miss Margaret Loudoun, sister of the groom-elect; Mr. Maurice Loudoun, who will act as best man for his brother; Mr. Walter Lock and Mr. Ed Brown, and Mr. Bob Spooner, ushers, and little Gail Loudoun, niece of the groom, as flower girl.

Mrs. H. P. Collins was hostess Monday evening at her home, 1020 Pandora Avenue, with a cup and saucer shower in honor of Miss Ann Denise Greenwood, a June bride-elect. Vases of red peonies decorated the rooms and the refreshment table covered with an ecru lace cloth was centred with an arrangement of pink roses and snapdragons and pale yellow candles. The hostess was assisted in receiving her guests by her sister-in-law, Mrs. A. J. Collins, and presiding at the tea urn was the bride-elect's mother, Mrs. D. Greenwood. Cossage bouquets of carnations and sweetpeas were presented to Miss Greenwood and Mrs. Greenwood. Other guests were Mesdames H. A. Somers, H. W. Thomas, A. McQueen, A. R. Heister, J. G. McKellar, J. W. Buckler, D. Greenwood, Misses Pat Greenwood and Rosemary Austin.

### Tea Hostess

MRS. W. W. ROGERS

The Catholic Women's League will hold a tea at the home of the president, Mrs. W. W. Rogers, 42 South Turner Street, Thursday, from 3 until 5.

### Miss Pat Beard Feted By Friends

Miss Patricia Beard, whose wedding will take place on May 31, is being much feted by her friends in the next two weeks.

Tonight Miss Ann Gooldeen will be hostess when she entertains with a shower at the home of her parents, Mr. and Mrs. Massey Gooldeen, Arlow Farm, Royal Oak.

Miss Sheila Williams, who has been chosen bridesmaid, plans a shower for Miss Beard on Thursday evening at her Monterey Avenue home and Miss Shirley Wallace, another bridesmaid, has arranged a party at the cocktail hour on Friday at her home on Beach Drive.

Mr. Angus Kenning will be host to a party of friends at the supper dance at the Empress Hotel on Saturday evening, when honor guests will be Miss Beard and her fiancé, Mr. Forrest Angus.

A pre-luncheon party will be held Sunday at the home of Dr. and Mrs. H. E. Ridewood, when Miss Jane Ridewood will be hostess to the bride and groom-elect.

Mrs. Peter May will be hostess at a shower next Wednesday evening at her Pandora Avenue home.

Thursday, next week, Mrs. C. T. Beard, mother of the bride-elect, will come from her home near Duncan to stay at the Sussex Hotel until after the wedding, and on Friday will entertain at a pre-nuptial tea for her daughter, at the home of Mrs. J. Sutherland-Brown, Bowker Place.

### Club Calendar

Regular meeting of the W.A. to the Princess Patricia Canadian Light Infantry, Friday at 2:30 at 909 Esquimalt Road. . . Annual meeting, Diocesan Mothers' Union, Friday at 2, Memorial Hall, Speaker, Dean Spencer H. Elliott.

Court whist, Thursday, 8, North Quadra Scout Hall, Glasgow Avenue.

Women's Conservative Club, Thursday at 2:30, MacDonnell Hall, Fort Street. Speaker, Hon. Herbert Anscomb.

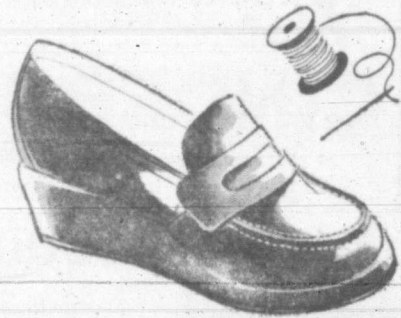

Cordova Bay—It has been announced that the regular meeting of Cordova Bay P.T.A. has been postponed until May 30.

### Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain often need a nerve and general tonic. Glycero-acetate with Vitamin B(1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B(1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to deficiency of Vitamin B(1) in the diet, \$1.00 at all Cunningham Drug Stores and other drug stores. HOCI

### Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.50 for 10 lines, and 15c for each additional line.

Mr. and Mrs. H. P. Porter, 2806 Foul Bay Road, announce the engagement of their daughter, Moya Madeleine, to Leonard C. Johnson, son of Mrs. F. Kernode and the late Mr. C. Johnson, of this city. Mr. Johnson graduated from the University of British Columbia with a Bachelor of Science Degree in Civil Engineering last year. The wedding will take place early in June.

### Medals Presented At W.C.T.U. Convention

Miss Anna Lee, Chinese United Church, won the senior silver medal in the National Temperance. Sunday School Course, judged at opening session of the 64th annual convention of the Women's Christian Temperance Union, held in First Baptist Church, Tuesday evening.

Winner of the junior silver medal was Miss Margaret Grieve of Erskine Church.

Senior and intermediate prizes in the national temperance study course were won by Miss Jean Carmichael and Master David Ashford of Centennial United Church.

Mrs. J. P. Hicks presented medals to the winners. Judges were Rev. D. L. Gordon, Rev. H. W. Kerley and Mrs. W. Freeman. Convener of the medal contest was Mrs. M. Walstell.

A pageant arranged by Mrs. George Holt, presenting the work of the W.C.T.U. in the far east, highlighted the evening's program. Those taking part were Mrs. G. R. Easter representing Frances Willard; Miss Ruth Hall, Hawaii; Mrs. C. D. Stockell, New Zealand; Miss Helen Gregory, Australia; Miss Isabel Lee, China; Mrs. Dora Quaintance, Japan; Miss Mary Diens, India and Mrs. N. Phillips, Canada.

Business sessions of the convention commenced this morning and continue today and Thursday.

The word fiscal is derived from the Latin fiscus, meaning a wicker basket.

**Garden Party—Announcement**  
was made by the secretary, Mrs. George Thompson, at a meeting of the Women's Auxiliary to the Prince Edward Branch, No. 91, Canadian Legion, that the annual garden party would be held on June 25 at the home of Mr. and Mrs. J. E. Glenn, Island Highway, instead of the original date, June 26, which was discovered would conflict with the school picnic.

## Politics Precipitate

## 2 Duels In Rome

ROME (AP)—Two duels with swords were fought in Rome in the last 24 hours, the newspaper Espresso said today.

Diplomat Michele Lanza was slightly wounded in a clash with Alberto Mellini Ponce de Leon, also an Italian diplomat, the Espresso said. The newspaper reported the duel grew from a quarrel over politics.

Differences over politics also provoked a duel between Carlo Augusto Jemolo, Rome University professor, and Attilio Crepas, a journalist, the newspaper said. Jemolo was wounded twice in an arm.

### Island News

#### Protest Meeting At Cobble Hill On High Taxation

COBBLE HILL—Soaring taxation costs, which followed implementation of the Cameron Report recommendations in School District 65, will be protested at a meeting of South Cowichan district taxpayers at Cobble Hill Thursday night.

Taxpayers charge that as a result of the Cameron and Goldenberg Reports, taxpayers in the unorganized portion of District 65, comprising only 22 per cent of the district, are burdened with 53 per cent of the education cost.

The meeting will also appoint delegates to a mass protest meeting in Nanaimo, May 31, for the purpose of organizing a rural taxpayers' association for Vancouver Island.

#### Lake Cowichan Village Cancels Truck Order

LAKE COWICHAN—With new roads and other improvements proving a drain on village finances, the village commissioners' meeting in Community Hall, decided to cancel their order for a new truck at the present time.

A truck purchased some time ago for a fire truck is being overhauled and rebuilt and it was felt that this should have priority. Two fire extinguishers will be ordered as auxiliary equipment of the fire truck.

#### Unearth Cannonball In Duncan Excavation

DUNCAN—A cannon ball, six inches in diameter, intended for use with a 32-pounder smooth-bore, muzzle-loading cannon, was unearthed recently during excavation operations for the basement of the new Whittemore business block at Jubilee and Kenneth Streets here.

The cannon ball, buried less than two feet below the surface, is of a cast iron type which was used by naval forces during the earlier part of the 19th century.

Distance from Cowichan Bay, nearest sea area to the city is beyond range of the early cannon, so unearthing of the cannon ball has brought a mystery to the town.

#### Hall Building Plans Discussed At Duncan

DUNCAN—At a special meeting of the Cowichan Branch of the Canadian Legion Monday evening, discussion took place as to the advisability of going ahead with proposed new building plans.

It was decided to ask the building committee to obtain estimates for excavating below the present building so that the billiard rooms and amusement quarters could be centred there. The ground floor could then be remodelled to provide an enlarged canteen and larger rooms for meetings.

The building committee will interview the architect and bring their report to the next general meeting, first Monday in June. The Legion has been asked to sponsor a candidate for Carnival Queen and has decided to join with the Malahat Branch and sponsor Miss Freda Aitken, Shawnigan Lake. Proceeds from the sale of tickets on her behalf will be given to the Solarium.

#### Accidental Death Verdict On Miner

NANAIMO—A verdict of "accidental death with no blame attached to anyone" was returned by a coroner's jury here today inquiring into the death of James Merner, coal miner killed by a fall of coal and rock at South Wellington mine May 16. Merner died of suffocation after being buried under three tons of rock and coal which slipped due to an unseen fault in rock structure.

#### \$1,094 Settlement For Alberni Boy

PORT ALBERNI—Thirteen-year-old Thomas William Tyndall of Port Alberni will receive \$1,094 by terms of settlement in Supreme Court today of claims arising out of a traffic accident Sept. 17 at Alberni. The boy suffered a broken leg when his bicycle collided with a truck driven by Mathew Isherwood Jr.

If you're wearing an expression your barber just loves to slap a hot towel over . . .

Feen-a-mint may help. It's the modern chewing laxative with a delicious mint flavor that makes laxative-taking a pleasure. Gentle, yet really effective. Won't upset the stomach or interfere with sleep. Millions use Feen-a-mint. Get the handy package at any drug counter.

## Partnership for Prosperity

British Columbia as a producer, her ports as gateways for world commerce—

These are the considerations that focus national attention upon Vancouver's Foreign Trade Week and the Fifth National Foreign Trade Conference of the Canadian Chamber of Commerce. These considerations have also prompted the Department of Trade and Commerce to establish a Vancouver office of the Foreign Trade Service.

The function of this new office is to make more readily available to Western Canada those services which the Department offers to businessmen:

The Foreign Trade Service, with its Export, Import and other specialized Divisions; its Trade Commissioner Service with 40 offices abroad; its informative weekly publication, "Foreign Trade"

The Vancouver office will conform with the ideal which has governed the Department's operations for a half-century; the ideal of a partnership with business itself, with trade associations and with Provincial Departments similarly designed to promote Canada's trade and prosperity.

## The Trail of '98

WHEN the great Klondike gold rush started in 1898, the Manufacturers Life was eleven years old. That it was, even then, an enterprising and energetic company is evidenced by its participation in that stirring adventure.

Equipping one of its representatives with a dog team and the other necessary accoutrements for arctic travel it despatched this business adventurer over the hazardous trail of '98 to sell Life Insurance to the workers in the gold fields. It was a very successful mission.

There have been many such episodes of rugged determination in the sixty year history of the Manufacturers Life. The pioneer spirit, allied with vision and sound management has placed the Company in the forefront of the world's leading Life Insurance Companies.

## Saanich Police Conclude School

Two and one-half months of schooling in general investigation, fingerprinting, criminal law, ballistics, traffic and general police work have just been completed by this class composed of members of the Saanich Police Department. The school was conducted by Sgt. Cecil Pearce, C. L. Harrison, city prosecutor, gave lectures pertaining to law. Those in the picture, from left to right, are: Constables Robert Coleman, Robert Adrian, Walter Mycock, Cpl. Jack Hamilton, Sgt. Pearce, Constables Edward Anderson and Les Ledson.

## Cashin Says Britain Conspiring To Sell Newfoundland To Canada

ST. JOHN'S, Nfld. (CP)—Peter Cashin criticized the manner in which the Newfoundland constitutional delegation had been received on its recent trip to Britain and declared "there was a conspiracy to sell this country to Canada."

Speaking Monday, he did not elaborate, but said all the information which the delegation had obtained might have been got by air mail. He objected to the condition by which the delegation was asked to present questions to be discussed in the form of a memorandum.

As leader of the delegation from the national convention de-

ciding on the colony's political future, Maj. Cashin outlined what Britain was prepared to do in the matter of financial aid. After he had finished speaking the convention adjourned until today.

He disclosed that the delegation had inquired about the possibility of Britain liquidating or refunding the Newfoundland £17,790,000 public debt.

The committee was told Britain had already decided to wipe out a loan of £400,000 made to Newfoundland in the First World War, but the public debt had been incurred by former Newfoundland responsible governments and Newfoundland was expected to honor this debt. However, Britain would be prepared to assist in refunding the debt. With regard to £12,000,000 interest-free loans made to Britain during the war, the home government recognized this was repayable on demand.

The delegation had asked the possibility of raising further loans for development purposes and was told the existing dollar difficulty had to be considered and it would be "unusual" for Britain to undertake development loans to a country under responsible government. But the possibility of such a transaction was not ruled out.

(Meanwhile at Ottawa External Affairs Minister St. Laurent told the Commons the government had informed the Newfoundland convention what dates might be convenient for discussions on the question of the possibility of the island's entry into Confederation.)

"Canals for a Euphrates dam now irrigates the supposed site of the Garden of Eden in Iraq."

Approximately 77,000 acres of rubber are under cultivation in Liberia.

## CUT DOWN ON TAKING LAXATIVES THIS WAY

See How Regular You Can Be Every Morning

Try taking Carter's Pills this way: Start with 8 and set a definite time every morning. When you get regular every morning cut down to 2. After a few days, try 1.

Then try taking Carter's every other day. You may even find you can keep regular without any laxative.

You see, Carter's are so tiny you can cut down the dose—from 8 to 1—to fit the needs of your individual system. Without disappointment.

Carter's help clean out your intestinal tract not halfway, but thoroughly. They are doubly effective because made with two vegetable herbs compounded properly for thorough, easy action.

Thousands can cut down on laxative dosing this Carter way. Ask for Carter's Pills by name to get the genuine at any drugstore—35¢. Start the Carter graduated dose method tonight, and jump out of bed tomorrow feeling good.

Feed your dog as famous kennels do....

## Ottawa Announces Nationwide Exam To Get Typists

OTTAWA (CP)—Room shortage?—if that's all that's keeping stenographers and typists out of Ottawa, then they can stop worrying. The Civil Service Commission said today in announcing a Dominion-wide competition next month to replenish its supply of shorthand and typing gals.

"When it comes to rooms, there are plenty—and at reasonable prices," said one official. "And if that isn't enough, there are several vacancies at Laurentian Terrace, where a civil service girl employee can get room and board for as low as \$8 a week."

Stenographers and typists have been pulling out of the civil service at the rate of 100 a month, and that's why the commission is anxious to get all the applications it can for examinations to be held June 28.

Although the number leaving was not high when it was considered there were more than 8,000 stenographers employed in the various departments, at the same time it meant these monthly vacancies had to be filled, said the official.

Twenty per cent of those leaving now were married and felt they should return to house-keeping.

"At present the service needs 80 stenographers right in Ottawa," he continued. "Numerous other vacancies exist in government departments, across the country."

The competition is for four grades of stenographers and typists with a salary-range of \$900 to \$1,704.

The human body is seven and a half times the length of the head.

India has high-grade iron resources second only to those of Brazil.

## Memorial Service For Lost Nurses

VANCOUVER (CP)—Memorial service for two Vancouver General Hospital nursing probationers, Rowena Hamblin of Qu'Appelle, Sask., and Jane Warren of Weyburn, Sask., who were lost in the disappearance of the

Trans-Canada airliner April 28, were held in St. George's Anglican Church here Tuesday night.

More than 100 nurses and friends attended the service. Both the student nurses were returning from annual vacations at their Saskatchewan homes when their plane with 13 other persons failed to land at the Vancouver airport.

## Will Race Washington In May 24 Regatta

J.B.A.A. EIGHT

Marking the revival of international rowing competition to the local sports calendar will be the two-and-a-half-mile through-Victoria race Saturday between eight-oared crews from the J.B.A.A. and the University of Washington. Starting from a point off the C.P.R. wharf at 5, the eights will follow a course up Victoria Arm to the finish in front of the Gorge Bridge. The Washington crew will be in charge of Coach Gosta Erikson. The Bays have been training for several weeks under Coach Dan Moses. Seen in their shell, the Bays' crew follows: Bow, Ray White; No. 2, Dave Hockins; No. 3, Harry Brown; No. 4, Doug Brown; No. 5, Lyle Flowers; No. 6, Bob Mair; No. 7, Ed Simmons, and stroke, Norm Edmonds. The cox, Al McLaughlin, is not shown in the picture.

## Young Tillicum Boxla Entry In Smart Victory Over Foul Bay

A young squad of gutted stick artists under the able hands of Sid Anderson, namely Tillicums, served notice at Stevenson Park last night that, although they may be only juniors—they are going to make things interesting for their more experienced rivals in the senior box lacrosse loop by coming from behind to edge out Foul Bay 9 to 7 in the opening contest of the season for both squads.

Better conditioning plus a little more polish in scoring Tuesday paid off for the clubmen and put them in a tie with Canadian Legion for the loop lead.

Four straight goals in the second period, after trailing 4 to 2 at the end of the first 15 minutes, was the winning spurge of Tillicums.

Foul Bay had taken an early lead in the rough contest but wilted before the speed of Tillicums and found themselves down one goal at the half.

Tommy Druce put Foul Bay back in the game early in the third canto but Tillicums bounced back with two quick markers by Booth and Ritchie to give them an 8 to 6 lead entering the last quarter.

John MacMillan added another tally shortly after the breather and although Foul Bay tried desperately to knot the count in the closing minutes, they were turned back with only one marker, that by Angus Stewart.

Les Aitken came up with some sensational saves in the winners' nets, being particularly brilliant in the final moments.

Teams and scores follow: Foul Bay—Thompson, Fleming, Chungcrane, Stewart 2, Halbert 1, Irwin 1, T. Druce 3, Taylor, Walker, L. Scott, Thomas, Crockett. Total 7.

Tillicums—Aitken, Joyce,

## Jockey Richards Sets World Mark

WORCESTER, Eng. (AP)—Gordon Richards, who quit as an office boy at 14 to begin a turf career as a stable lad, set a world record this week with his 3261st victory as a jockey. The triumph exceeded by one the number registered by Sam Heapy, British-born Belgian rider. There are no exact statistics in this phase of riding but Heapy's mark generally is recognized as the record.

It was another in a long string of records for the 42-year-old rider who mounted his first winner in 1921. In 1933 Richards had his best season—259 firsts—and topped the domestic mark of 246 set by Fred Archer in 1885.

Ten years later the fabulous Gordon passed Archer's British record for all-time firsts—2,749. He once piloted a dozen winners in a row including all six races on one day's card.

Richards, reputed to earn \$10,000 (\$40,000) annually and who spends his winter vacations on continental playgrounds, has the reputation on British tracks of mounting only horses whose trainers "want" them to go all-out.

Booth 2, Coates, Lawrence, Bradley, Ritchie 3, K. Druce 1, Long, Berry, Burke, Dakers, Ellis, McMillan 2, E. Popham 1, Scott. Total 9.

## Golfers' Paradise At 'Ardmore'

Set amongst beautiful and restful country surroundings close to the sea, the "Ardmore" Golf Course offers to the city dweller that complete relaxation which can only be found when living close to nature. An easy course of level and undulating fairways (no steep hills to climb), well-kept grass greens, new trees, and not overcrowded at any time. Just 18 miles from Victoria. Take the first turning left (McTavish Road) after passing the Dominion Government Experimental Farm on the East Saanich Road and then follow the signs. Bring the family, and have golf and a picnic at "Ardmore"—the wonderland of the island.

## A's Thrilling Rally In Ninth Just Fails

When a spine-tingling ninth inning rally fell one run short, Victoria Athletics dropped an 8 to 7 decision to Tacoma Tigers last night and their current Western International League ball series was tied at one win apiece. Clubs clash in the all-important "rubber" game tonight with two southpaws scheduled to take the mound, Ray Fortier for Victoria and Carl Shapley for the Tigers.

Down 8 to 6 going into the plate for their final turn the A's had the fans on their seats as they gamely attempted to pull the game out of the fire. After the first two men had gone down Pat Patterson lined a double and romped home on Babe Jensen's single. Bill White followed with another line single and the tying run was on second. Manager Red Harvel of Tacoma quickly yanked his starting hurler, Mitch Chetkovitch, in favor of southpaw Cy Greenlaw. After fouling off the first two pitches, Mike Hafenecker took a third called strike and the ball game was over.

## FOUR DOUBLE PLAYS

Athletics continued to pound the ball but their extra-base wallop failed to do them much good as the bases were usually empty. During the evening the Victoria club picked up home runs by Johnny Cavalli and Jack Harshman, triples by Patterson and Harshman, and doubles off the bats of Cavalli, Patterson, Jensen and Hafenecker and still only scored seven runs. In addition the club pulled off four lightning fast double plays.

With A's enjoying a 4 to 2 lead going into the sixth Tacoma unloaded on pitcher Len Kasparovich for five singles and four runs. Despite the fact four of the blows came in succession and were all hard hit balls, Manager Ted Norbert elected to leave his right-hander on the mound. In the eighth Dick Greco's home run over the centre field fence with one aboard moved Tacoma ahead 8 to 4.

White's single; Cavalli's double and a costly boner by catcher Earl Kuper gave Victoria a pair of runs in the eighth and set the stage for their desperate rally in the ninth.

Fleeting highlight of the evening was provided in the second inning when Victoria right fielder White made a great running catch of Greco's blooper and, while still on the run and out of position threw to first to double Glen Stetter.

For the first time this season the fans watched a game played under two hours, the clubs completing their chores in 157.

Bremerton Bluejackets knocked over Vancouver, 11 to 3, last night to move two-and-a-half games out in front of the pack. Six Vancouver miscues combined with its own 15-hit attack made the going easy for the pace-setters with Jim Lowman marking up his fifth successive win of the season.

Cellar-dwelling Wenatchee spanked third-place Spokane, 10 to 8, and sixth-place Yakima ran its streak to five games with a 5 to 3 win over Salem.

Lowman held the Vancouver nine to seven scattered hits, drove in two tallies and scored an additional three himself, including a homer. Al Maul, starry first-sacker, led the leaders with four hits, one a four-base clout. Despite the victory, however, the Bluejackets had cause to mourn when they lost catcher Volpi with a spiked ankle in the third inning. Several stitches closed the wound but whether he would be able to don the pads tonight was questionable.

Short scores follow: Bremerton R H E 11 15 3 Vancouver Batters—Lowman and Volpi; Ronning (4), Snyder, Bryant (7), Manier (9) and Sumner. Wenatchee R H E 10 19 5 Spokane Batters—Samson, Stevenson (3), Switzer (7) and Dimaria; McCole and Peart. Salem R H E 5 6 1 Yakima Batters—Wyatt, Gunnarson (2) and Beard; Strait and Phillips.

## When Kidneys Work Too Often

Are you embarrassed and inconvenienced by too frequent elimination during the day or night? This symptom, as well as Smarting Passages, Backache, Leg Pains, Nervousness, Rheumatic Pains and Swollen Ankles may be due to Kidney and Bladder troubles. The very first dose of the scientifically compounded medicine called Cystex usually goes to work right now helping nature eliminate irritating excess acids, poisonous wastes and certain germs which may aggravate your trouble. Trial Offer: To prove what Cystex may do to bring you joyful relief from the pains and distress of Kidney and Bladder trouble, get Cystex from your druggist and give it a fair trial with the positive understanding that if you are not satisfied for any reason, you get your money back on return of empty package. So don't suffer another day without trying Cystex.

## Sports Mirror

By PETE SALLAWAY

VICTORIA sports followers who might still doubt that Vancouver teams, fans and sports scribes offer every possible alibi when their representatives suffer setbacks at the hands of local squads should glance over the newspaper accounts of the recent Western International League series at Vancouver between our Athletics and the Caplanos. Vancouver just can't suffer the thought of taking a back seat to the Capital City in any shape or form.

IT will be remembered that Babe Jensen won the game last Friday night with a grand slam home run. The ball traveled better than 350 feet to clear the left field fence. Yet, according to Vancouver scribes, Jensen was supposedly doing an Indian dance at the plate as he fell away from inside pitches and the climax saw him hit an obviously bad ball for the circuit. All I can say is that Jensen should continue to fall away "desperately" if he is going to clout home runs. On Saturday the A's blistered the Caplanos 15 to 1 behind the three-hit flinging of Ray Fortier and one scribe reported "Athletics eked out a 15 to 1 victory." I realize the boys on the mainland are writing for home consumption but such statements as mentioned are just too much to stomach without a feeling of disgust.

JUST how solid a batting order the Athletics boast this season is seen by a glance over the averages following Monday night's game with Tacoma. Catcher Vic Mastro continues to show the way with a mark of .388 followed by Bill White with .367; Johnny Hooper, .349; Pat Patterson, .347; Babe Jensen, .320; Johnny Cavalli, .303; Mike Hafenecker, .295; Jack Harshman, .285; Frank Lucchesi, .281, and Joe Fontaine, .263. Those four hits Patterson picked up Monday night boosted his average 19 points.

JENSEN leads the runs batted in department with 40. In this regard it is interesting to note that, although he is hitting only .285, Harshman has driven in 32 runs, just one less than Mastro the clean-up hitter. Other departments find Jensen in front in total bases with 78; Patterson in runs scored with 37 and tied with Mastro for stolen bases with seven. Lucchesi and Hafenecker have each pilfered six bags. Harshman is the leader in home runs with eight while White and Mastro each boast 12 doubles. Jensen and Patterson have blasted out seven triples apiece to lead that section of the averages. I'd say we have a hitting ball club right down the line.

## Sensational Hartung Hurls Giants To Top

The startling renaissance of New York Giants is matched only by the almost incredible performance of their talented rookie, Clint Hartung.

Last-place finishers in 1946, the Giants today lead the National League. The hard hitting of Johnny Mize and Walker Cooped have figured prominently in the rise but talk among the Giants is all Hartung.

Hailed as a combination Bob Feller and Babe Ruth, Hartung began the season as an outfielder but allowed more base hits with his inept fielding than he accounted for at the plate.

Hartung wasn't totally unfamiliar with mound work, having won 25 games without a setback while pitching for an army team. This year he has developed what is known in the trade as a "wrinkle" which, coupled with his blinding speed, has enabled him to chalk up two straight victories. He turned in a brilliant exhibition last night that propelled the Giants into first place. Hartung set back Cincinnati Reds 9 to 1 in a night game, scattering eight hits. In addition, he rapped out a triple and a single.

Walker Cooper, who batted in four runs, and Johnny Mize, who slammed out four hits in five trips, led the Giant barrage.

The Cub squeezed out a 3 to 2 10-inning decision over Philadelphia Phillies at Chicago with pinch-hitter Lonnie Frey breaking up the game with a bases loaded single.

Hank Greenberg knocked Boston Braves out of a second-place deadlock with the Cubs by singling home a run in the 10th in a night game that enabled Pittsburgh Pirates to grab a 4 to 3 victory.

Boston Red Sox tightened the American League's flag chase by trouncing the leading Detroit Tigers 8 to 3 to pull to within one game of the Tigers.

Veteran Joe Dobson spaced 10 hits in gaining his fourth win of the year. Ted Williams accounted for Boston's eighth run by slugging his 10th homer to tie Mize for the major's home run leadership. Cleveland Indians pulled to within two games of the Tigers by downing the Yankees 4 to 2 in New York.

Bob Muncie turned in St. Louis Brown's first win of the year over Philadelphia Athletics as the Browns supported his four-hit pitching with an 11 to 1 decision.

Chicago White Sox also remained within easy hailing distance of the lead by turning back Washington Senators, 7 to 4.

AMERICAN LEAGUE R H E Chicago 7 15 1 Washington 1 9 3 Batters: Smith, Lee (1), Harriet (5), Papi (9) and Dockner, Stephenson (6); Mastro, Scarborough (3), Candell (8) and Mancuso.

Cleveland 4 9 6 New York 2 9 3 Batters: Black, Gettel (8), Kilenan (9) and Higin, Lopez (6), Stevens, Pace (8), Gumpert (4) and Berra.

Detroit 2 10 3 Boston 3 10 0 Batters: Trout, Gorsica (3), Houtte-

man (7) and Tebbets; Dobson and Wagner, Partee (3).

St. Louis 11 12 0 Philadelphia 1 12 2 Batters: Muncie and Earl, Savage, McCahan (5) and Roser.

NATIONAL LEAGUE R H E Philadelphia 2 11 1 Chicago 2 12 1

(11 innings) Batters: Schmidt, Ruffenberger (7), Huxley (11) and Semlin; Wyse, Meyer (8) and McCullough.

New York 1 15 0 Cincinnati 1 15 0 Batters: Hartung and Cooper, Erstad, Heiki (6), Riddle (7), Beags (9) and Lammone.

Boston 3 12 0 Pittsburgh 4 10 0 (10 innings) Batters: Bain, Karl (6) and Mast; Bahr, Bonham (7) and Klutt.

## City Staff Will Ask Negotiations On Wage Schedule

The proposed wage schedule for the City Hall staff which was turned over to the employees by the Civic Service Committee, under the chairmanship of Ald. H. M. Diggon, some days ago, has been referred by the City Hall Employees' Association to their bargaining agents.

In a statement issued today by the three bargaining agents of the employees' association, they say they are still attempting to enter into negotiations with the Civic Service Committee on a wage scale prepared and approved by the association.

The salary schedule approved by the aldermanic committee is now in the office of the secretary to the committee, where it is open to scrutiny by any employee desiring to see it. Comments overheard among staff members indicate a general dissatisfaction with the scale as proposed, and particularly the manner in which its preparation has been handled.

A meeting of the association which was called for Thursday evening to discuss the wage scale has now been canceled pending a report from the bargaining agents on their efforts to open proper trade union negotiations. The bargaining agents for the employees are W. G. Frampton, Elwood S. Gropp and J. B. Marrs.

## Disabled Vets To See Parade

Charles Bowes, chairman of the entertainment committee of the Fraternal Order of Eagles, has arranged to bring patients of the new D.V.A. hospital into the city to see the May 24 parade. The B.C. Electric has offered to supply the necessary buses.

Following the parade, it has been arranged to take the veterans to luncheon at the Gobbins dining hall.

Mayor Percy George will be in Vancouver Thursday to attend an executive meeting of the Union of B.C. Municipalities. He expects to return to the city Thursday evening.

## CHURCH PAGE

This week the Church Page will appear Friday as the Times will not publish on Saturday, May 24, Empire Day.

## Jury Finds Driver Of Car Guilty Of Culpable Neglect

A verdict of culpable neglect against 24-year-old Robert J. Luney for driving at an excessive rate of speed and failing to observe warning signs which resulted in his automobile crashing into an E. & N. freight train at the Lampson Street level crossing on May 10, was returned by a coroner's jury investigating the death of John Raymond Gaffney, 33, a passenger in the car, who died in St. Joseph's hospital May 11 from injuries sustained in the accident.

Albin Falk testified he had seen the automobile one and a half blocks away from the scene of the accident. He said it was traveling toward the crossing at a speed of from 60 to 80 miles an hour.

Ernest Willey, fireman on the freight train, said he did not see the car until the train was right on the crossing. He said the man who was sitting on the right hand side of the car (Gaffney) was looking straight ahead and was smiling. "I do not think he saw the train," Mr. Willey said.

George Crocker, engineer of the train, said the train was traveling at eight or 10 miles an hour when the accident occurred. "We are not allowed to travel any faster than this at the crossing," he said.

## SIGNALLED AT CROSSING

Mr. Crocker said the train whistle had been blown a quarter of a mile away from the crossing and again at 300 feet as the train approached the crossing. The bell on the train was ringing continuously, he said.

Francis Hillier, train conductor, said he had phoned the police immediately after the accident.

Reginald Jury and John Armistage, who live near the crossing, told the jury they had heard the crash and had gone to see what they could do. They said they had taken the injured men from the wreck.

Colin Mackintosh, civil engineer and assistant superintendent of the E. & N., exhibited a plan of the area. He said there were adequate devices at the intersection, and the train was properly equipped with breaking.

Robert Look showed pictures taken at the scene of the accident.

Esquimalt police chief Gilbert Stancombe testified to the extent of damage done to the car and the train, and gave measurements. He said he had found no indication that brakes had been applied to the automobile.

**ENGINE DERAILED**  
He said he thought there were adequate warning signs in the vicinity and stated the police records showed the last accident at this crossing was on April 30, 1932.

In summing up the evidence, Coroner E. C. Hart said he was satisfied the car must have been traveling at a high rate of speed to derail the heavy locomotive. The majority of the severe automobile accidents were the result of speeding, he said.

The jurors were John Halstead (foreman), James Thirlwall, Gerald Stelck, Walter Dabnett, George Toms, Stephen Birtis and Walter Norman.

Luney and Alastair McLeod, who was also in the car, are still confined to hospital.

run. Former reeve Thomas Hadfield has the matter under consideration.

Capt. Speirs who was long associated in sports while at Work Point Barracks, is particularly interested in the young people in the community and the recreational and sports facilities provided them. He made his debut in municipal politics at the December elections when he was an unsuccessful candidate for council.

"I feel that as I am retired from the army I could very well put my time to good use helping in the administration of the municipality," he said today.

**Sees Bright Future For Hornby Island.**

Hornby Island, a 7,500 acre island in the Gulf of Georgia east of Denman Island and between Comox and Qualicum Beach, promises to become an excellent source of certified seed potatoes, and flowering bulbs.

This is the opinion of Dr. William Newton, Dominion Experimental Station at Saanichton, who visited the island late last week with officials of the provincial agriculture department.

At the meeting Dr. Newton discussed at a meeting of the Farmers' Institute on Hornby Island methods of controlling virus diseases of potatoes and flowering bulbs. The island's future rests partially on the care workers exercise in controlling diseases.

Soil surveys conducted on the island indicate that 3,000 acres are arable and irrigable. Irrigation will be necessary to produce maximum crops.

At present 175 persons are living on the island. About 40 of them attended the Farmers' Institute meeting at which Dr. Newton spoke.

Only morning delivery of mails will be made May 24. The Post Office lobby will be open from 6 a.m. to 6 p.m., and the ticket will be open from 8 a.m. to noon. Only evening collections will be made at mail boxes. All mails will be dispatched as usual.

## Town Topics

Building permits have been issued to J. Wickens to build a five-room house at 1612 Brooke Street, \$6,000; and to W. Fraser to build a four-room house at 3049 Washington Avenue, \$5,400.

**The question of Canada giving a money grant to buy food for the flood areas of Britain to relieve the food crisis is being taken up by R. W. Mayhew, M.P., with the Minister of Finance, at the request of the City Council, Mr. Mayhew told council members in a letter today.**

**The Fraternal Order of Eagles, Victoria Aerie, No. 12, has written the City Council asking that they be allowed to nominate William Bridgewood to represent their organization on the Arena Commission. The organization stated that its members were prominent in raising funds for the arena.**

**Search to find the black bear which invaded the Burnside district of Saanich this week is continuing, but up to a late hour today Game Warden Joe Jones said that his efforts had failed to locate it. The game warden and police will continue to be on the lookout for the bear.**

**Oak Bay Community Centre Garden-Club meets the first and third Thursdays in the month, at 8, in the Scout Hall, opposite the Oak Bay Theatre. Short talks and occasionally pictures will be screened and discussions on gardening will ensue. Officers of the club are as follows: C. R. Scharif, chairman; program committee, Messrs. T. C. Evans, Tidbury, Smith, and Mesdames Hiberson, Melvor and Crawford.**

**Alfred Harcher was found guilty in city police court this morning on one charge of assaulting Josephine Doerflinger, 3572 Quadra Street, Dec. 5 of last year, and on another charge of creating a disturbance Oct. 4 of the same year by shouting and swearing. He was remanded for sentence to tomorrow, also for trial on a second charge of assaulting and occasioning bodily harm to Miss Doerflinger on Nov. 9, 1946.**

**James L. Ford Dies In Hospital**

James Livingston Ford, well-known as manager of the Victoria Pile Driving Co. Ltd., died today at Royal Jubilee Hospital. Mr. Ford was born in Dundee, Scotland, April 28, 1885. Surviving are the widow, Catherine Eva, at the residence, 14 Linden Avenue; a son, Dr. William L. Ford, Woods Hale, Mass.; a daughter, Mrs. A. W. E. Pitkethley, of this city, and his mother, Mrs. D. L. Ford, in Scotland. Funeral service will be held from Hayward's Ltd. Friday at 1:30, Dean Spencer H. Elliott officiating, followed by cremation.

## Mayhew To Take Up Veteran Question

R. W. Mayhew, M.P., is taking up the question of finding employment for older war veterans with the Department of Labor in Ottawa, he informed the City Council today, in response to a request passed on by the council from the Citizens' Rehabilitation Council.

"I fully realize the seriousness of this problem and am sure it is not going to be an easy one to solve," Mr. Mayhew stated.

He said he had passed on the suggestion for government employment of the older veterans to the Department of Labor with the request they be given full consideration.

**TEHRAN (AP)—Army garrisons in northwestern Iran were strongly reinforced today as official observers voiced fears of an uprising by Kurdish tribesmen resentful of the government's decision that they must disarm.**

## Thanks

May we, for Miss Dorothy Saunders, express her grateful thanks to her workers and to all those who so kindly gave her their support in the May Queen Contest and by their votes chose her as one of the Princesses for the May 24th Celebrations.

Miss Dorothy wishes to extend her hearty congratulations to Queen Kathleen and Princess May in their victories, and will do her part to carry out her duties as one of the Queen's Princesses, to the credit of her native city.

## Agriculturist Named For Duncan By B.C.

Appointments of one district agriculturist and two assistant district agriculturists for British Columbia were announced today by Agriculture Minister Frank Putnam.

W. B. Richardson, graduate in agriculture from the University of British Columbia 1947 class, has been named district agriculturist with headquarters in Duncan.

J. W. Awmack, graduate of the 1945 agriculture class from U.B.C., has been named assistant district agriculturist at Cranbrook.

M. J. Walsh, 1947 agriculture graduate from U.B.C., has been named assistant district agriculturist at Prince George.

Mr. Richardson will be the first district agriculturist at Duncan. For some years residents of the Cowichan Valley have campaigned for appointment of an agriculturist for the district. Previously the work had been carried on for the Provincial Agriculture Department by S. H. Hopkins, now employed by the Consolidated Mining and Smelting Co. of Canada Ltd., Trail, the late W. E. Fleming, and E. R. Bewell, now member of the Dominion government's seed inspection division staff.

Mr. Richardson's territory will include all the southern part of Vancouver Island from Nanaimo, abutting on the territory of D. S. Gibbons, district agriculturist at Courtenay.

At the University of B.C. Mr. Richardson specialized in dairying.

Mr. Awmack served with an ambulance unit in China during the war. He will assist James Allin, who was recently promoted supervising district agriculturist for the Kootenay area.

Also a war veteran, Mr. Walsh's appointment is temporary at Prince George. He will assist S. J. Preston, who is being transferred from Smithers to become supervising district agriculturist at Prince George.

### Vancouver To Survey Slums For Clearance

VANCOUVER (CP) — A 40 to 50-block area in Vancouver's east end is to be surveyed this summer as a preparatory move toward possible slum clearance and low-rental housing action.

The survey, initiated by the

Vancouver Housing Association and sponsored by the University of British Columbia, was given the blessing of City Council Tuesday with contribution of \$1,000. Dr. Leonard C. Marsh said they had been assured of a \$5,000 contribution from the federal government and an additional \$1,000 would be sought from the provincial government.

### Patricia Bay To Be Equipped With Safety Device

Patricia Bay will be among the six R.C.A.F. airfields, strategically located across the Dominion, to be equipped with the first Ground Control Approach equipment used in Canada. It is announced by Air Force Headquarters. The sets, three of which will be in operation this year, will be also located at Greenwood, N.S.; Rockliffe, Ont.; Centuria, Ont.; Rivers, Man., and Churchill, Man. In addition to its use in R.C.A.F. routine operations, the equipment will be available for any aircraft in distress.

Developed in 1942 and in general use during the last two years, G.C.A. is considered one of the most practical approaches to prevention of accidents caused by bad weather landings. While not regarded as the final answer to air-accident prevention, the R.C.A.F. feels that the sets will do much to aid pilots who find themselves in difficulty due to inclement weather conditions.

G.C.A. units are completely mobile and are contained in a 45,000-lb. truck and trailer that may be moved from one runway to another in a matter of minutes. The set uses very high, static-free, frequencies in order that aircraft may be observed and guided to a landing in the poorest weather conditions. Each G.C.A. set has a series of radar scopes that determine the height, bearing and distance of the aircraft from the airfield, giving the controller accurate information on its location. One of the precision scopes acts as a type of glide-path indicator by which the controller may accurately bring the pilot down on his final approach and landing.

One of the main factors in the successful operation of G.C.A. lies in the ability of the operators to instruct accurately the pilot of the aircraft. R.C.A.F. operators will be selected from trained flying control personnel and will receive specialized instruction from American experts before commencing operation of the equipment.

### Win Mathematics Honors

GERTRUDE LEE

WINSOME C. SMITH

Joint winners of the David Spencer Ltd. scholarship for excellence in mathematics during their first year at Victoria College, Gertrude Lee and Winsome Smith this spring both graduated from the University of B.C. with first-class honors in mathematics.

Miss Lee is the daughter of Mr. and Mrs. Lee Hor, 842 Balmoral Street. She graduated from Victoria High School, June, 1943, with an A in each of the required university entrance subjects. During her first year at Victoria College she had an average of 88.3 and in the second year 93.1. When winning the David Spencer scholarship she obtained 150 out of a possible 150 marks for the year's work. During her third year at the university she topped her class with an average of 97.2. She will leave for Toronto about June 20, where she will join the actuarial department of the Manufacturers' Life Insurance Company.

Miss Smith is the daughter of Mr. and Mrs. H. L. Smith, 3052 Admirals Road. She won the Women's Canadian Club scholar-

ship for university entrance and obtained an average of 85.5 in her first year at Victoria College. She obtained the same perfect marks in mathematics as Miss Lee. During her second year at college she had an average of 82.1. She plans to take teacher training at the Univer-

### Radio Board Urged

CALGARY (CP) — In an address before the joint annual meeting of the Kootenay Boards of Trade at Fernie Tuesday night, A. M. Cairns, manager of a Calgary radio station, CFAC, and president of the Western Association of Broadcasters, urged a board of radio commissioners be established to regulate all of Canada's broadcasting.

"Under our present structure," Mr. Cairns said, "the CBC is not only responsible for the regulating of radio in the Dominion, but also competes with the independently operated stations for the radio advertiser's dollar."

In touching on various aspects of existing regulations governing radio in Canada today, the speaker pointed to what he called "the legal absence of freedom of speech in radio."

sity of B.C. next year and wants to teach high school mathematics.

SEE THE CHANGE IN YOUR TEETH AS  
**PEPSODENT TOOTH POWDER GIVES YOU  
DENTAL WHITENESS**

**IT'S TRUE! PEPSODENT WILL  
GIVE YOUR TEETH THE DENTAL CLEANLINESS  
THAT MEANS DENTAL WHITENESS**

After a dentist cleans your teeth it's amazing how white they are! That's real dental whiteness and he relies on powder. For unless dull, dingy film is removed, it hardens—darkens—turns into harmful, ugly tartar. But Pepsodent Tooth Powder is especially made to remove that trouble-causing film—gently, but thoroughly—right in your own home. Change today to Pepsodent Tooth Powder and give your teeth dental whiteness.

FOR A CLEANER, FRESHER MOUTH...  
FOR WHITER, BRIGHTER TEETH...  
USE PEPSODENT TWICE A DAY.

The difference is **PEPSODENT**—and  
**PEPSODENT IS THE ONLY TOOTH POWDER THAT CONTAINS ITRUM**

**Stop CORNS!**

NEVER wait! Promptly protect sore toes from tight shoes with Dr. Scholl's Zino-pads. Pain vanishes—corns are stopped before they can develop! But—if you have corns—these thin, soothing, cushioning, protective pads will stop painful shoe friction and lift pressure—immediately.

**SPEEDILY, GENTLY REMOVE CORNS**

You'll marvel, too, how quickly Dr. Scholl's Zino-pads remove corns when used with the separate Medicated included. No other method does all these things. Insist on Dr. Scholl's. Cost but a trifle.

**Dr. Scholl's Zino-pads**

### 7,000 Replies To Army's Initial Recruiting Appeal

Seven thousand veterans have replied to a personal letter sent out recently to discharged army personnel by the adjutant-general in the first recruiting appeal since the end of the war, figures compiled at the army Ottawa headquarters and released this week reveal.

Of that number 2,700 applicants, on the basis of information contained in wartime documents, have been found capable of meeting the high peacetime standards required and 725 have already enlisted. The figures further show that about 50 per cent of all veterans applying for re-enlistment are skilled tradesmen. On enlistment these men will, in most cases, be employed at their former trade.

Replies to the adjutant-general's letter, accompanied by a pamphlet outlining Canada's new army, are arriving at headquarters at the rate of 250 a day to indicate the interest in the ranks of discharged men in returning to khaki.

**Just put yourself in this "picture"!**

It's a picture in a lot of ways, this big-n'-beautiful Buick—

The picture of things-to-come in automobile styling—long, follow-through fenders, sleek lines, broad and solid look.

The picture of dynamic action, with its bonnet jam-packed with Fireball power, equally ready, equally willing for creep-speed jaunt or quick-paced emergency call.

The picture of perfect poise—with plenty of roadweight for solidity—cushioned all around on soft coil springs for jarless ease.

The picture of precise and exacting manufacture, with engine tolerances often closer than in airplane practice—bodies floated on new Silent Zone mounting for tautness and quiet—everything from rear-axle strut rods to water pump seal all tidily buttoned up to give you the best to be had today.

You don't have to be told how eyes follow you when you're behind this wheel. You can sample for yourself the great ease of this gallant traveller, the comfort, the room, the thrill-of-a-lifetime lift that answers every nudge of your foot on the treadle.

Yes... Buick is a picture... a perfect picture of a car years ahead of the field in style, size, performance, and value.

So many people want Buick, and only Buick, that the demand continues far ahead of our ability to deliver. But this big, brawny beauty deserves your last ounce of patience... so while you wait, depend on your GM Dealer's expert service to keep your present car on the road.

**ROYAL**—"Lady in the Lake," starring Robert Montgomery.

**YORK**—Eddie Bracken and Veronica Lake in "Hold That Blonde."

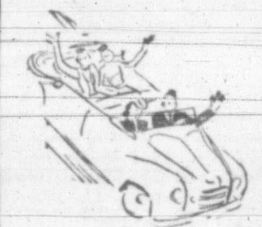

## ATLAS THEATRE

Hal Wallis, motion picture producer who is getting to be as well known for his film discoveries as for his hit productions, introduces a new "find" in his latest Paramount picture, "The Searching Wind," now at the Atlas Theatre.

The new discovery is young, handsome Douglas Dick, who makes his debut in the picturization of Lillian Hellman's play, which co-stars Robert Young, Sylvia Sydney and Ann Richards.

## ROYAL THEATRE

Lloyd Nolan began his stage career after college when he became a Broadway highlight in "Coquette." His first motion picture was a musical called "Stolen Harmony," in which he crooned a song. In his second film, "G-Men," he played a cop and from that time on whenever the script called for a policeman, Nolan was the actor producers thought of first. He has appeared in 55 motion pictures, latest of which is "Lady in the Lake," showing at the Royal Theatre.

## Special Income Tax Exemptions For Persons Over 55 Advocated

OTTAWA (CP)—Members of the Commons, listening Tuesday to a wide variety of requests and suggestions during continued debate on the budget speech, heard one of their number advance a proposal which would provide special income tax exemptions for persons 55 and over.

Roland Beaudry, Lib., Montreal-St. James, suggested that Canadians, from the age of 55 and onwards, "be entitled to a decrease in the current rate of income taxation, a decrease based both on their age and on the amount of income they are fortunate enough to have accumulated or to earn."

## FREE BEYOND 67

Mr. Beaudry said that in practice this likely would mean that at 67 a man would no longer have to pay income tax.

Other speakers included H. W. Herridge, People's C.C.F., Kootenay West; Max Campbell, C.C.F., The Battlefords; and Walter Kuhl, S.C., Jasper Edson.

The debate, resumed shortly after the House had opened, was preceded by these developments:

1. Postmaster-General Bertrand announced issuance on July 1 of a special four-cent postage stamp to commemorate Canadian citizenship.

2. Finance Minister Abbott announced passage of an order-in-council extending to Sept. 30 the life of the War Exchange Conservation Act of 1940, which temporarily eliminated or reduced some duties and tariffs on British goods as a wartime measure.

3. Prime Minister King and External Affairs Minister St. Laurent undertook to obtain for opposition members information on a reported exodus of 1,500 Yugoslavs from Canada to their homeland.

4. Mr. Abbott said Graham Towers, governor of the Bank of Canada, had not gone to London with any government instructions or directions about a new loan for Britain or reimposition of some Canadian import and export controls in fear of a world dollar crisis.

## TREATY WITH RUSSIA

Mr. Herridge urged the government to take "immediate" steps to conclude a trade treaty with Russia and promote a "free exchange of cultural, scientific and human relations with Canada's great neighbor."

Mr. Campbell felt the budget speech had laid insufficient

## DOMINION THEATRE

What with lovely actress Jean Rogers and Producer Sol M. Wurtzel both involved in the filming of "Backlash," thrilling suspense drama which is now at the Dominion Theatre, practically every male player in the 20th Century-Fox release had his fingers crossed, hoping that history would repeat itself.

Between takes on the studio set, Jean recalled the previous picture she made under the supervision of Wurtzel and especially two young men who made their screen debut in the film released under the title "Heaven With a Barbed Wire Fence."

One of the young men was Richard Conte, the other, Glenn Ford, both now hitting high on the list of Hollywood's most sought-after stars.

## RIO THEATRE

20th Century-Fox, paraphrasing an old adage and bringing it right up to date, believes "it should not put off its 'Stars of Tomorrow' when they can sparkle today," and in its new technicolor musical, "Irish Eyes Are Smiling," it brings to the screen the newest romantic team on the Hollywood horizon—June Haver and Dick Haymes.

The picture, now at the Rio Theatre, also stars Monty Woolley.

## PLAZA THEATRE

Tilly Losch, noted dancer, directed Yvonne De Carlo's ballet solos for Universal-International's "Song of Scheherazade," romantic adventure film based on the youth and music of the immortal Russian composer, Rimsky-Korsakoff. The technicolor extravaganza, which co-stars Miss De Carlo, Brian Donlevy and Jean Pierre Aumont, is currently showing at the Plaza Theatre.

## CAPITOL THEATRE

George Tobias, master of foreign accents, adds another laurel to his film career in M-G-M's "Gallant Bess," now at the Capitol Theatre.

In the new picture the character star portrays the top comedy role of "Lug," hard-bitten Seabee with a heart as soft as velvet. Tobias goes into his new role following an important comedy part in "Her Kind of Man." He also lent comedy relief to the dramatic "Objective Burma."

"Gallant Bess" is based on the experiences of a combat soldier in the South Pacific who finds a horse on an island and brings it back home.

## Unsafe Gas Containers Flood Vancouver

VANCOUVER (CP)—Capt. Archie King of the fire warden's office here Tuesday told delegates to the 26th annual conference of the Association of Canadian Fire Marshals Vancouver was being flooded with unsafe gasoline containers, manufactured in the United States.

He said Vancouver firefighters were being caused a great deal of trouble by the sale of unapproved fire extinguishers. There was no legal way of stopping them, he said.

## Ike Does Dishes? Only On Sunday Night

WASHINGTON (AP)—Gen. Eisenhower does the family dishes Sunday nights.

It came out Tuesday when the

general was testifying before a Congressional committee.

Representative Pete Jarman (Dem.-Ala.) recalled that once during the war when he was going to Europe Mrs. Eisenhower told him to tell Ike not to get too "uppy" over his war successes; that he would still have to do the dishes when he returned.

"Tell us," said Jarman, "you don't do the dishes now, do you?"

"Only on Sunday nights," Gen. Eisenhower replied.

## YORK THEATRE

Comedy that blends with romance and grand larceny is offered patrons of the York Theatre today in Paramount's laugh-rouser, "Hold That Blonde!" Co-starring Eddie Bracken and Veronica Lake, the film is a fast-moving, slick bit of nonsense, bent on nothing but entertaining.

## THE Classified Pages of the Times offer Many Good Buys in Real Estate

## 2 Building Strikes In Ontario End; Stove Workers Idle

TORONTO (CP)—While day laborers were expected to walk off their jobs on important construction projects in Toronto at noon today, settlement was announced at the lakehead put a halt to construction amounting to between \$2,000,000 and \$3,000,000.

An estimated 2,250 American Federation of Labor workers returned to building jobs throughout Windsor, ending a 10-day strike between the General Contractors' Association and members of Local 625 of the International Brotherhood of Hodcarriers, Building and Common Laborers (A.F.L.) supported by semiskilled workers in other A.F.L. unions.

Though picket lines disappeared a union business agent said that if "suitable negotiations" were not reached by June 1 "our men will be out again."

The first negotiating meeting was scheduled for tonight. Laborers are asking for union recognition, a 15-cents-an-hour wage increase and time-and-one-half for Saturdays. The wage boost would bring the hourly rate to 95 cents.

## WORKING AT KINGSTON

At Kingston members of the Brotherhood of Carpenters and Joiners Local 249 (C.C.L.O.) went back to work this morning on building projects after obtaining a 15-cents-an-hour pay boost for a 40-hour week in a new wage agreement signed late Tuesday by the Kingston Building Contractors' Association and the union.

The workers walked off their jobs May 3 following demands for an hourly wage rate of \$1.25 for a 40-hour week to replace an agreement that expired April 30 which called for \$1.05 an hour for 44 hours a week.

The union of Mine, Mill and Smelter Workers (C.I.O.) and International Nickel Company at Sudbury ended joint talks with a possibility of conciliation proceedings. The union committee will report to its membership Friday.

There were no signs of settlement in the six-week-old strike of 650 workers of the Moffat Stove Company at Weston, near Toronto, where the employees, members of the United Steelworkers of America (C.I.O.), are seeking wage increases.

The United Auto Workers (C.I.O.) was apparently well started on its preparations for negotiating for a wage increase of 15 cents an hour with leading automobile firms.

## Stricken On Plane, Scott Seriously Ill

Stricken with a heart attack while flying east to an Ottawa conference, J. D. B. Scott, director of the provincial government's division of vital statistics, is in a serious condition in Regina, it was learned today.

Both Mrs. Scott and Mr. Scott's father have flown to Regina to be with him.

Mr. Scott suffered the heart attack between Lethbridge and Regina. The 38-year-old director had left Victoria last week-end, apparently in good health.

## British Labor Groups

### Condemn U.S. Policy

LONDON (AP)—Five constituency Labor Party organizations called today on the annual party conference to condemn U.S. aid to Greece and Turkey as "a menace to world peace" and urged an investigation of the

## PRISCILLA'S POP

## Canada's Adverse Trade Balance With U.S. Record High In March

OTTAWA (CP)—Canada's adverse trade balance with the United States reached an all-time high in March, an official said here after reviewing trade figures issued Tuesday by the Dominion Bureau of Statistics.

In March, Canada exported to the United States goods valued at more than \$83,000,000 while the value of imports from that country was \$165,500,000. Canada's deficit was \$82,600,000.

The deficit in January was \$56,000,000 and in February \$67,500,000 and the total for the quarter was \$204,100,000 or roughly twice what it was for the corresponding quarter in 1946. The figures do not include gold exports which offset the adverse balance somewhat, but these dropped off from \$28,800,000 in the first quarter last year to \$22,700,000 this year.

As this official put it, "that is the sad picture." It must be given

some concern to the government's economists as to what this trade trend will do to Canada's reserve of U.S. dollars.

An adverse trade balance does not mean Canada would have to dig into its reserve of U.S. dollars for the full amount of the deficit. There are adjustments both ways. Last year with an adverse balance of \$485,700,000 the U.S. dollar reserve was only reduced from \$1,508,000,000 to \$1,244,900,000.

If Canada's reserve of U.S. dollars is not to receive a staggering jolt this year some of these things must happen:

1. Customers must make more of their payments to Canada convertible into U.S. dollars.  
2. Greatly-increased spendings by U.S. tourists in Canada.  
3. Greater sales of Canadian goods to the U.S. or a cut in our buying there.  
4. Increased U.S. investments in Canada.

## Another Judge For B.C. Supreme Court

OTTAWA (CP)—The government gave notice today it plans to bring in a bill affecting the benches of Quebec and British Columbia.

The bill would provide a salary for an additional judge of the Supreme Court of British Columbia.

There now are two chief justices for the Quebec Superior Court. The measure would make one the chief justice, the other an associate chief justice.

## Recession Starts, But No Depression

CHICAGO (AP)—A New York professor of finance said today that "the long-advertised business recession is finally here... but it is not likely to degenerate into a depression."

In an address at the closing session of the Illinois Bankers' Association's annual convention, Dr. Marcus Nadler, professor of finance at New York University, said the American economy "is in the midst of a transition from a seller's to a buyer's market."

## Charged With Murder

KINGSTON, Ont. (CP)—A 14-year-old Tilbury, Ont. boy today was charged with the murder of Frederick Desjardins, 17, of Sault Ste. Marie, Ont., whose body was found May 7 in a cedar grove at nearby Arden, Ont., shot through the back of the head.

The boy was remanded sine die in county juvenile court. Magistrate J. B. Garvin said the boy had been committed to the Ontario Hospital for further mental examination.

## Weather

Weather today and tomorrow, valid until midnight May 21: Clear skies and above normal temperatures are in prospect for most of B.C. today as a high-pressure system establishes itself over the district. More of the same is looked for on Thursday.
